SUBJECT: Council Vacancy

CATEGORY: Information Only

BUDGET IMPACT:

Expenditure Required: None

Within Budget Allocation: N/A

ATTACHMENTS:

1. C. Pierce Redacted Application
2. N. Biermann Redacted Application
3. P. Clerget Redacted Application
4. W. Moody Redacted Application
5. D. Maynard Redacted Application
6. G. Reinke Redacted Application

STAFF CONTACT: Jason Wilson, City Administrator

SUMMARY BACKGROUND: Under State Law, the City Council must fill vacant council seats within 90 days of them becoming vacant. Cindi Hochstatter vacated her seat effective 12/31/2023. The Council Rules outline the appointment process which includes, application, interview, nominations and appointment.

The City received nine applications. Three applicants were disqualified, one for missing a signature, one for answering the interview questions (not the written ones) and one for not following the rules. The remaining six applicants will be interviewed by the full council. The order of the interviews will be determined by a random draw. Applicants will be asked to remain outside the chambers until it is their turn for the interview--however, they are not required to leave. Each applicant will have five minutes to respond to the following interview questions:

1. Why do you want to serve on the City Council?
2. What experiences, talents or skills do you bring to the Council and community that you would like to highlight?
3. What do you wish to accomplish if appointed to the Sumner City Council?

Following each applicant's interview, Councilmembers may ask follow-up clarifying questions. Clarifying questions will be limited to three (3) minutes per applicant.

Council may adjourn into executive session for the limited purpose of discussing the qualifications of the candidates in accordance with state law. This may be requested by any Councilmember. No voting or straw polls may be taken in the executive session.

At the February 20th regular council meeting, council will be asked to nominate their choice for Councilmember. Similarly, at that meeting, any Councilmember may request an executive session to discuss an applicant's qualifications.

COUNCIL COMMITTEE/STUDY SESSION: MEETING/STUDY SESSION DATE: COMMITTEE RECOMMENDATION:
--

STAFF RECOMMENDATIONS/MOTION:

Conduct candidate interviews pursuant to Council Rules of Procedure.

APPLICATION FOR APPOINTMENT TO SUMNER CITY COUNCIL POSITION

Thank you for your interest in serving the community as a member of the Sumner City Council.

The timeline for filling the Council vacancy is as follows:

February 1, 2024:	Application and supplemental material due to City Clerk by 5:00pm
February 12, 2024:	Candidate interviews beginning at 6:00pm
February 20, 2024:	Candidate nominations and appointment voting beginning at 6:00pm
March 4, 2024:	Swearing in of new councilmember (tentative)

To be considered, your application must be completed and received by the City Attorney. **Applications and supplemental materials received after 5pm will not be accepted.** Additional written information after this date will not be accepted, unless requested by the City Council.

Please submit the following items:

- Application (see page 3)
- A resume of **no more than 2 pages**.
- Answers to the Supplemental Questions of **no more than 2 pages total**.

For further information, please contact
Jason Wilson, City Administrator.

The application and supporting documents
should be e-mailed to: andream@sumnerwa.gov
or mailed to

Andrea Marquez, City Attorney
Councilmember Recruitment
1104 Maple Street
Sumner, WA 98390

If mailing, ensure the City *receives* all items by the
deadline. A postmark does not count.

Councilmember Eligibility, Requirements & Public Disclosure

To be eligible to be appointed to the Sumner City Council, you:

- Must have continuously resided within the Sumner city limits for a minimum of one year prior to your appointment to the Council, and
- Must be a registered voter in the City of Sumner.

Please note that:

- Once a Councilmember application is filed with the City, it is a public record available to the public.
- The applications received from all candidates who meet the minimum requirements of State law, along with the answers to the supplemental questions, will be posted on the City of Sumner website as part of the Council's meeting packet the week of the initial interview.
- If appointed, you will be required by state law to file financial disclosure statements with the Washington Public Disclosure Commission (www.pdc.wa.gov). In addition, you may be required to complete a conflict disclosure statement for the City.
- **This position will be on the 2025 ballot as a two-year term expiring December 31, 2027.**

City Council Duties & Compensation

The Sumner City Council is the legislative authority of the City of Sumner. The City operates under a Mayor-Council form of government. The seven-member City Council serves as the legislative body of the City. The Council is responsible for setting policy, adopting the annual budget, adopting laws, determining the services to be provided and the funding levels for those services, and appointing citizens to its advisory boards and commissions.

The duties of a City Councilmember will likely involve an average minimum commitment of 18-20 hours per month for preparation, participation, and attendance at various meetings and community activities. Beyond the broad duties previously mentioned, Councilmember duties include, but are not limited to:

- Required attendance at regular City Council meetings and study sessions, which are held every Monday evening, starting at 6:00pm. From time to time, the City Council or Mayor may call special City Council meetings to handle city business.
- Councilmembers are expected to serve on Council Committees, regional boards and commissions and to represent the City Council at various community functions. These various meetings and functions occur normally during the evenings (2-3 times per month) but may also occur on some weekends and during some weekdays.
- Some travel is expected locally, regionally, and/or within the State of Washington in accordance with the City travel policy applicable to all employees and City officials as well as the budgetary limits set for each Councilmember and for the City Council as a whole.

The monthly Councilmember salary as of January 1, 2024, is \$1,100 per month. No benefits are offered.

Interview Questions

On February 20th the Council will conduct in person interviews. The order of interviews will be determined by a random draw at the beginning of the meeting. Candidates will be asked to respond to the following questions:

1. Why do you want to serve on the City Council?
2. What experiences, talents or skills do you bring to the Council and community that you would like to highlight?
3. What do you wish to accomplish if appointed to the Sumner City Council?

The Council may set a time limit for each candidate to respond to the above questions.

EDUCATION

1990-1995 Cascade High School, Everett, WA
1996-1997 Utah Valley University, Orem, UT
1998-1999 Skagit Valley Community College, Mt Vernon, WA

SUMMARY: After graduating from high school, I spent several years working towards a bachelor's degree. Prior to completing this educational goal, I was offered a permanent position in my targeted industry and did not continue my formal education from that point.

WORK EXPERIENCE

Titan Earthwork, Sumner, WA - Senior Project Manager

June 2012 – PRESENT

Following the sale of Trident Water Works to another privately held company, I went to work for TITAN Earthwork who was one of my best customers. Our company straddles the Sumner/Pacific shared border along 16th Street East. In the 12 years I have worked at TITAN, I have managed over \$100 million dollars of public and private contracts with a large majority being federal, state, county and municipal.

Responsibilities: Oversee management of project schedules, budgets, permits, documentation, changes to project work plans, safety plans and material procurement. Meet with project ownership and design teams regularly to discuss progress, changes and challenges. Problem solve unforeseen conditions while keeping the project on budget and on schedule. Work with established and new clients to bid future projects and develop budgets. Oversee project managers and project engineers that are part of the project team.

Trident Water Works, Puyallup - Co-owner, Outside Sales

May 2003 – June 2012

Along with the many responsibilities that came with being one of the owners of a small privately owned wholesale water works supply distributor, my time was largely spent finding and maintaining the majority of the company's client base while also managing many aspects of the estimating, purchasing and sales departments. During my time as a managing partner at Trident Water Works, I finely tuned my problem-solving skills by constantly addressing the ever-changing needs of over one hundred clients that each had individual and unique needs.

HB Jaeger, Snohomish - Outside Sales

June 1999 - May 2003

Find and maintain new accounts for a small locally owned wholesale distributor of construction materials. Forge relationships with new vendors that didn't have a foothold in the local PNW market.

VOLUNTEER AND COMMUNITY EXPERIENCE

As a presiding member of the lay ministry from 2019-2023 at the Church of Jesus Christ of Latter-Day Saints in Sumner, I managed closely audited welfare funds that were collected specifically to benefit the local membership and Sumner community. During my many years of service in the religious community, I have work extensively as a volunteer in the Boy Scouts of America organization and in similar youth development programs. As is the case with most of the churches in our area, there is no shortage of opportunities to serve the community as a member of the Church of Jesus Christ of Latter-Day Saints. In recent years, I have coordinated food drives, community Christmas events, and resource collection drives following an apartment fire in our community to name a few. Additionally, our family in recent years has volunteered once per month to provide meals to those members of our community who are able to take advantage of the Puyallup Freezing Nights program that is a multi-faith effort to provide a hot meal and a warm place to sleep during the winter months.

My wife and I are also passionate about serving our community's children and youth who are in the state's foster program. We try to dedicate as much time as we can each year in every way that we can from helping them obtain high school senior portraits, to filling the role of Santa Claus at their Christmas parties. In line with our efforts to help children without traditional families feel loved, we recently coordinated the opportunity through *A Child's Hope Foundation* to take a dozen families with us to Mexico in 2023 to perform service at an orphanage for a week. We plan to return and perform this service as often as we are able.

In an effort to expose our children to other cultures and allow others to experience ours, my wife and I are currently hosting a high school exchange student from Barcelona, Spain for the entire 2023/2024 school year.

INDIVIDUAL STRENGTHS

Communication
Coordination
Empathy
Problem Solving
Budget Management
Strong Understanding of Public Utilities
Public Speaking

re: Application for Appointment to Sumner City Council – Supplemental Questions

Q: What is your vision for our City and community?:

As a PNW native who has lived in Pierce County since 2002, I have a deep appreciation for a well organized and safe community. Having been an intricate part of the new construction growth in the area over the last 20 plus years, I recognize the difficulties of managing growth as a public agency. I have watched as some surrounding communities have largely failed to manage this growth, opening doors for increased traffic, greater amounts of crime, and a diminishing sense of local pride in their community. When my wife and I decided to move away from one of these communities, we specifically targeted the City of Sumner as an ideal place to raise our four school-age children. I read recently that Sumner is one of the last cities in our country with our high school physically located on what is still named "Main Street". In my opinion, this unique fact typifies an important "small town" element in our community that needs to stay in place. I appreciate the planning that has kept the important commercial and industrial aspects of our city physically separated from our residential areas. Driving through this town and seeing old and new neighborhoods dotted with churches, busy public parks, trailways and small businesses is one of the things I love about Sumner. When my kids set out to ride their bike to a friend's house, it is comforting to know that they are getting to grow up with some of the same freedoms I enjoyed at their age. This sense of safety isn't so commonly found in other communities that are plagued with traffic, crime, blatant drug use and unchecked homelessness. So, what is my vision? Keep things on track and respect what has brought so many of us here. Continue to make sure that important city agencies such as the public works, parks and police departments are properly funded and feel supported by the community and by the elected officials. I want to see the people who choose to live in Sumner want to stay in Sumner and help continue to build this community.

Q: What are the three highest priorities and/or issues you believe the City needs to address? How would you propose the City address these?:

First, creating and/or revising existing laws in a way that they can be reasonably enforced without expecting our officers to have to decide in the field what to enforce and not enforce. These same laws should connect the community to the police officers that are serving the people of Sumner, and not drive a wedge between them. My observations and interactions with our well qualified Chief of Police Brad Moericke would lead me to believe that ensuring his opinion is heard (or continues to be heard), and ensuring that he has the resources he needs to run such an important aspect of our local government, would contribute greatly to our community as a whole.

Second, as traffic gets worse and shortcuts through town continue to become more popular, we can expect a greater degree of wear and tear on some of our roads that were not built to handle the traffic they are seeing. We can also expect that some of our intersection controls will no longer be efficient in handling the kind of increased traffic we can expect to continue seeing. Additionally, it is concerning that commuters are increasing use of "short cut" routes through neighborhoods where their children are at play. I feel it is important to be looking ahead at in-city

as well as outside funding options for road improvements, alternate route planning and traffic calming measures. As I have watched and read through past council meeting minutes, I see that this has been an ongoing focus of our council and my plan would be to continue supporting this effort while adding the expertise I have as in my career of building public roads, utilities and public infrastructure for the last 20+ years.

Third, continuing to support the right businesses to come into our area. Along with bringing important jobs, having the right kind of businesses located in our historic downtown versus our north end commercial district will continue to preserve the small town vibes and close knit "Sumner-strong" community feeling that has been a longtime tradition unique to Sumner. It is important to have a council that is aware of the benefits and drawbacks of attracting large businesses to a small community. I appreciate how the City has handled this to date and I would plan to continue to support those efforts while keeping in mind the legal rights of those businesses that want to do business here.

Q: What strengths would you bring to the Council?:

In an effort to avoid repeating things stated earlier, I believe that my many years spent in the public construction industry will allow me to bring a unique perspective to the council. A large part of my professional career has been spent reading and learning to comprehend detailed specifications, related laws and complicated plan sets. While I have never served in a public office, I have been navigating the public waters for most of my life in my chosen career. As a public works contractor, I have spent countless hours making sure that the community's safety and best interest is always a priority as we interrupt their lives and neighborhoods by tearing up their roads and rebuilding infrastructure. I have been the public face of too many projects to count which has given me the opportunity to develop and implement many important skills in the public relations arena. I have also managed numerous multi-million dollar budgets with a high degree of detail and success. I would count all of these as strengths when it comes to working with others as a team to successfully manage a City as a council member. It is worth adding that I have no further political ambitions, and that I am simply interested in serving the local community that is so important to my family.

Q: Explain your current and past community involvement and/or service on City, nonprofit, or public boards, committees, task forces, or commissions, and how this has contributed to the Sumner community. How is this relevant to the position of Sumner city Councilmember?

Ultimately, the service to my community that I reference in my resume has given me the opportunity to develop empathy for those who are less fortunate than I have been. As I have served others, I have had the opportunity to see, and in some cases help manage, intimate details of their lives that I would not have been able to otherwise. These interactions have helped me become more aware of the needs of the less fortunate. I care deeply for the Sumner community and want what is best for all the friends my family has here, and for all those who I have yet to meet. I realize these are divisive times, but I believe that the way I was raised and the opportunities I have had through my life to serve others will contribute to my ability to bring those together who feel separated by politics and the perceived stature of others. I feel it is important when utilizing community resources to help the many families and individuals in our area who are without resources that a balance between compassion and enablement is sincerely sought after. This is not a black and white issue that can be solved by local, state or federal government. I believe it will require a partnership between public and private agencies as well as local families and individuals.

APPLICATION FOR APPOINTMENT TO SUMNER CITY COUNCIL POSITION

Thank you for your interest in serving the community as a member of the Sumner City Council.

Other skills:

Computer and information technology – conducting meetings over Zoom/Teams

Written and verbal communication with clients, co-workers, students, others

Photography – interest in weather/nature but also documenting news & history

Answers to Supplemental Questions

As submitted by Nicholas S. Biermann, Applicant

1. What is your vision for our City and community?

Answer: *My vision is for Sumner to be known as a community where our shared history is treasured in the present and is incorporated into a blueprint for future growth. With proper planning and foresight, the historical gems that make Sumner a unique and charming town can serve as anchors of a vibrant and thriving community even as the City faces significant suburban development pressure in the coming years and decades.*

I also envision Sumner as a City where all members of the community are respected. This means promoting an environment in which citizens feel their input is important and will be taken into account when the City and the Council make decisions that affect the future for all of us. Citizen input should be sought after and valued, regardless of whether you have lived here a lifetime or have only recently “Come on in.”

2. What are three highest priorities and/or issues you believe the City needs to address? How would you propose the City address these?

Answer:

- Improve communication between the City and residents. I have heard numerous residents express that online notice is not sufficient for important meetings and events. I recommend sending out an information newsletter in leaflet form that contains a timeline of upcoming City Council meetings. A simple piece of paper will work, but it must include specific information about how to provide public input.*
- Increase civic engagement opportunities for citizens to ask questions. Encourage more direct involvement with City staff and Council. Actively seek public input on new projects instead of waiting for residents to speak up when there is a problem.*
- Manage growth while preserving the historical charm and the “small-town feel” of Sumner. The City already faces considerable pressure from urban sprawl, and these concerns will only increase in the coming years. It is imperative to work now to preserve the gems from Sumner’s past and promote the story of Sumner by integrating our history into the present and future.*

3. What strengths would you bring to the Council?

Answer: I would bring a fresh perspective to City Council. I do not have experience in city government, but I do have a history of civic engagement and community involvement wherever I have lived. I also bring a willingness to ask questions when needed and seek clarity where appropriate. I will act to gather all available information and make the most-informed decision possible. I would seek input from the citizens of our community, meet with residents, and use their insight to set focused priorities that steer the direction of our City on a course for success.

4. Explain your current and past community involvement and/or service on City, nonprofit, or public boards, committees, task forces, or commissions, and how this has contributed to the Sumner community. How is this relevant to the position of Sumner City Councilmember?

Answer: I have always been actively involved and engaged in the communities where I have lived. Locally here in Sumner, I have attended city council and commission meetings, both virtually and in-person, even before the Ryan House was a topic of discussion. My most recent involvement here in Sumner has focused on efforts to raise public awareness and conduct fundraising for the Friends of the Ryan House Committee and the Sumner Historical Society, a 501(c)(3).

I have also been a part of larger regional and state community programs, in particular the non-profit FairVote Washington, which seeks to increase voter turnout and participation in an otherwise increasingly partisan political world. The right to vote is particularly important to me, and I vote in elections wherever I live. Whether from Wisconsin to Oklahoma to Utah to here in Washington State, I actively participate in selecting the representatives who make our laws and chart our direction.

Furthermore, in every community I live in, I make a concerted effort to “Leave the place better than I found it.” This may mean donating time packing food at a community food bank, serving as student representative in graduate school, organizing events for new incoming students, or being on-call at the Women’s Resource Center to help with the response when crisis calls come in. During my time here in Sumner, I have been inspired to volunteer time and energy to help Save the Ryan House. This same spirit, along with a desire to be a proactively involved member of my community, now lead me to seek a position on the Council.

Supplemental Questions

1. What is your vision for our City and community?

Make sure it's always a great place to live and work.

A progressive small town with a blend of old and new, its buildings, neighborhoods, business districts and also with traditions.

2. What are the three highest priorities and/or issues you believe the City needs to address?
How would you propose the City address these?

Managing growth, strategic funding and public safety.

Continue to have highly qualified strong leaders on City staff that recognize the opportunities to go after outside funding sources. Collaborate with other government agencies to assist in City needs. Have good relations with reputable businesses that can assist and or guide in City decisions. Have good working relations with City council.

3. What strengths would you bring to the council?

36 years as a resident and 32 years as the public works operations superintendent I believe I am already familiar and have good working relations with the community and City

4. Explain your current and past community involvements and /or service on City, nonprofit or public boards, committees, task forces, or commissions, and how this has contributed to the Sumner community. How is this relevant to the position of Sumner City councilmember?

As the P.W. Street/Utilities Superintendent, I spent a lot of time with these organizations in meetings, on the phone, e-mails, and during events, prepping the City infrastructure to facilitate them. I was on the Parks and Forestry commission for several years as the City representative. During that time I was directly involved in rewriting many of the committee bylaws (wrong term?)

I helped for many years on the Relay for Life with set up and after hour's cleanup.

I am currently not involved in any community services.

All these community events, nonprofits, commissions etc. Help the Sumner community to come together and enjoy the events and the facilities the City has to offer.

The City has a limited amount of funding/personnel to assist in all these endeavors. Even though there is some monetary exchange the council has to determine the relevance and participation the City will extend or not.

First Aid skills.

Mountain rescue.

First Aid Room supervisor.

Mountaineering credentials.

Church activities which include.

Develop and expand youth and adult educational opportunities.

Council President of 2 different congregations.

Budget oversight.

Interview candidates for new ministers.

Occasional preaching as a lay person.

Other areas of enjoyment include Golf, Hiking, Travel, and most of all family.

William Moody

Supplemental Questions for application for city council position application:

1. My vision for our community is to be a thriving community. This will provide the opportunity for growth and be a desirable community in which to live and raise a family.
2. First, road repair and improvement for safety and transportation flow is critical. Secondly, the increasing high-density housing will put even more stress on our city's transportation system. These improvements will make our charming community even more desirable, both for families and businesses. The third issue is to develop Sumner into a destination location with wonderful parks, shopping, and more restaurants. These improvements will encourage people to come and enjoy our town.
3. I have had several experiences which have strengthened my skills to hold such an important position with the city; teaching high school, running my own business, and currently chair of Sumner Planning commission. These experiences have given me a quality understanding of working with others for the benefit of all. Active listening and being able to see multiple sides of many issues helps everyone reach a balanced position and quality conclusion.
4. I am currently the chairperson for the Sumner Planning Commission. I was appointed to the commission in June 2022 and elected to the chair January 2024. I have served as church council president for 3 different congregations and served as a member of 4. I have worked with a local congregation developing and supporting a strong outreach program for food and clothing. I helped start a non-profit local pre-school to help meet the area's needs.

deadline. A postmark does not count.

Councilmember Eligibility, Requirements & Public Disclosure

To be eligible to be appointed to the Sumner City Council, you:

- Must have continuously resided within the Sumner city limits for a minimum of one year prior to your appointment to the Council, and
- Must be a registered voter in the City of Sumner.

Please note that:

- Once a Councilmember application is filed with the City, it is a public record available to the public.
- The applications received from all candidates who meet the minimum requirements of State law, along with the answers to the supplemental questions, will be posted on the City of Sumner website as part of the Council's meeting packet the week of the initial interview.
- If appointed, you will be required by state law to file financial disclosure statements with the Washington Public Disclosure Commission (www.pdc.wa.gov). In addition, you may be required to complete a conflict disclosure statement for the City.
- **This position will be on the 2025 ballot as a two-year term expiring December 31, 2027.**

City Council Duties & Compensation

The Sumner City Council is the legislative authority of the City of Sumner. The City operates under a Mayor-Council form of government. The seven-member City Council serves as the legislative body of the City. The Council is responsible for setting policy, adopting the annual budget, adopting laws, determining the services to be provided and the funding levels for those services, and appointing citizens to its advisory boards and commissions.

The duties of a City Councilmember will likely involve an average minimum commitment of 18-20 hours per month for preparation, participation, and attendance at various meetings and community activities. Beyond the broad duties previously mentioned, Councilmember duties include, but are not limited to:

- Required attendance at regular City Council meetings and study sessions, which are held every Monday evening, starting at 6:00pm. From time to time, the City Council or Mayor may call special City Council meetings to handle city business.
- Councilmembers are expected to serve on Council Committees, regional boards and commissions and to represent the City Council at various community functions. These various meetings and functions occur normally during the evenings (2-3 times per month) but may also occur on some weekends and during some weekdays.
- Some travel is expected locally, regionally, and/or within the State of Washington in accordance with the City travel policy applicable to all employees and City officials as well as the budgetary limits set for each Councilmember and for the City Council as a whole.

The monthly Councilmember salary as of January 1, 2024, is \$1,100 per month. No benefits are offered.

Interview Questions

On February 20th the Council will conduct in person interviews. The order of interviews will be determined by a random draw at the beginning of the meeting. Candidates will be asked to respond to the following questions:

1. Why do you want to serve on the City Council?
2. What experiences, talents or skills do you bring to the Council and community that you would like to highlight?
3. What do you wish to accomplish if appointed to the Sumner City Council?

The Council may set a time limit for each candidate to respond to the above questions.

City Council Application Supplemental Questions – Donna Maynard

1. What is your vision for our City and community?

As a City Council Member, my vision for our small-town centers on creating an environment that is conducive to both raising a family and owning a small business. I envision a community where families feel safe, supported, and connected, with access to top-notch education, recreational facilities, and green spaces. This means investing in our schools, promoting family-friendly events and activities, and maintaining clean and well-maintained neighborhoods. Additionally, I aim to foster an entrepreneurial spirit by streamlining regulations, offering incentives for small businesses, and providing resources and support networks for aspiring entrepreneurs. Prior to living in Sumner, I called Maple Valley my home. There I saw first-hand what misguided intentions and uncontrolled growth can do to a once warm and welcoming small town. I don't want that for Sumner. By creating a town that values both family life and economic opportunity, we can ensure that our community thrives for generations to come, offering a vibrant and fulfilling quality of life for all residents.

2. What are three highest priorities and/or issues you believe the City needs to address? How would you propose the City address these?

- a. **Law Enforcement and Crime Prevention.** Law enforcement plays a pivotal role in maintaining public safety. By supporting them, you contribute to creating a secure environment where residents can live without fear of crime. This sense of safety fosters community well-being and encourages economic growth. Additionally, low crime rates are often associated with higher property values. Supporting law enforcement efforts to prevent crime helps safeguard property values in your small town. It makes the town more attractive to potential residents, investors, and businesses, which can contribute to its overall prosperity.
- b. **Creating a welcoming downtown corridor.** A vibrant downtown area can serve as a focal point for community events, festivals, and gatherings. Providing a space where residents can come together, socialize, and build a sense of belonging and community identity benefits the city both socially and economically. A pedestrian-friendly downtown encourages people to leave their cars behind and explore on foot. We can not only reduce traffic congestion and pollution but also create a safer and more inclusive environment where people of all ages and abilities can enjoy shopping, dining, and socializing.
- c. **Roads and Transportation.** Improving roads and transportation in Sumner is extremely important, especially considering the recent expansion of housing that has occurred. With all our new housing projects, the population density in certain areas has increased, leading to higher traffic volumes. Fixing and upgrading our roads and transportation systems can help manage traffic flow more efficiently, reducing congestion and minimizing delays for residents and commuters. This ensures smoother movement of vehicles, pedestrians, and cyclists throughout the town. Not to mention, better roads, public transit options, and pedestrian-friendly amenities encourage people to explore the area, access essential services, and participate in community events. Accessibility is crucial for fostering social inclusion and ensuring that everyone can fully participate in the town's economic and cultural life.

3. What strengths would you bring to the Council?

- a. Having worked in the service industry for so long has allowed me direct interaction with diverse communities. This experience has helped me understand the needs, concerns, and aspirations of residents from various backgrounds in my community. As a wife and mother, I have a deep understanding of the challenges faced by families, which helped shape my decision-making process on issues related to education, childcare, and family services. As a wife and mother, I have encountered and resolved many daily challenges within my household, which I feel translates to the ability to find practical solutions to community problems.

4. Explain your current and past community involvement and/or service on City, nonprofit, or public boards, committees, task forces, or commissions, and how this has contributed to the Sumner community. How is this relevant to the position of Sumner City Councilmember?

- a. While living in Maple Valley, WA I was fortunate enough to serve both as a member of the PTA as well as a coordinator and coaching assistant for youth sports. Serving on the PTA involved engaging with parents, educators, and community members to advocate for the needs of students and schools. Similarly, my involvement in youth sports required coordinating with coaches, parents, and other stakeholders on a multitude of projects. I feel these experiences translate into effective community engagement and advocacy skills as a City Council member, enabling me to represent the community and its best interests.

Donna R. Maynard

Goal and Objective I am seeking a local position within the Sumner City Council. I am a quick learner, effective problem solver and a hard worker no matter the task. I feel that my residence history and life experiences have prepared me perfectly for this role; One which will allow me to learn by listening to and grow by working alongside my fellow Sumner residents. All the while with the goal of making sure Sumner stays an outstanding place to own a business or raise a family.

- Pertinent Skills Summary**
- Wife, mother and home maker for 27 years.
 - Over 25 years experience in the cosmetology industry.
 - 3 years in the food service and customer service industry.
 - Sumner resident for over 4 years.

Professional Work Experience

07/1989– 1/2015 Center Coiffures Renton, WA
Cosmetologist

After attending Cosmetology school during high school, I was immediately hired as a Beautician. In addition to providing individual cosmetology services, I was also responsible for product sales, inventory reconciliation, and general shop and supply maintenance. After a few years on the job, I served as trainer and mentor to new hires as well.

6/1986–7/1989 Shakey's Pizza Fairwood, WA
Customer Service

Responsibilities and skills acquired include;

- Working with customers and taking food orders.
- Reconciling cash register drawers.
- Food preparation.
- Restaurant maintenance and standards.

Education

6/1987–7/1989 Kent Beauty College Kent, WA
▪ Successfully graduated with Cosmetology Certificate

9/1985–6/1989 Kentridge Senior High School Kent, WA
▪ Successfully graduated with High School Diploma

Greg Reinke – Sumner City Council Supplemental Questions

1. My vision for the City of Sumner and this community is to have a place where all citizens can live safely and enjoy all the services the city has to offer. My hope is that the City of Sumner will continue to be one of the leading small cities in the State of Washington that people will want to come and live in.
2. Economic Development: The City of Sumner needs both large and small businesses to keep revenues coming in with sales tax, property taxes and B&O taxes to provide the city services that the community expects to have. The City of Sumner needs to continue to attract businesses with incentives and other enticements to bring them to Sumner.

Public Safety: The City of Sumner should have a well-trained, highly visible police and fire department to protect and serve the citizens of our community. The city needs to keep adequate levels of staffing to meet the needs of the community. Call volumes for the police and fire departments continue to increase each year, so an increase in staffing will help with the additional demand for service.

Traffic Congestion/Parking: The traffic congestion in Sumner has developed into a serious issue, as well as the parking around the Sounder Station. The heavy traffic from the Sounder Station has the surrounding area significantly congested with traffic at peak hours. Also, commuters have resorted to parking on neighboring streets throughout the community posing potential concerns for citizens residing in those areas. The City of Sumner must work with federal and state agency's to get funding for the traffic congestion around the Sounder Station. The City of Sumner must also work with Sound Transit to build a parking garage to alleviate the parking issues around the Sounder Station.

3. I have lived in Sumner for thirty-five years and pride myself in having extensive knowledge of the community's people and places. I have also been a member of the fire department for the same amount of years and have worked with budgets and keeping them balanced the last five years. I have been in charge of facilities for East Pierce Fire and Rescue, which includes ten fire stations. I am responsible for all repairs and maintenance of these ten stations. A strong knowledge of all facilities and the repair and maintenance items related to the buildings is required. The systems include, but are not limited to the following: HVAC systems, plumbing, electrical, sewer, septic systems, roofs and bay doors. For the past thirty-five years I have worked with the public on emergency calls, public education events and community events.

4. I have been an active member in the community for the last thirty-five years, serving the community through management and execution of benevolent activities such as Easter egg hunts, pancake feeds, ice cream booths, food drives, Relay for Life, Daffodil parades, Santa parades, Coats for Kids, Santa runs, safety trailer experience and teaching CPR/First Aid classes. I have also been active through the school district and chaperoned several trips to national Future Farmers of America competitions out of state for Sumner Senior High School. I feel all these things I have dedicated time to over the years has helped the citizens of this community and beyond. This is relevant as a Sumner City Council member to show the citizens that as a council member I am willing to volunteer my time to do things for the community and put "service above self."
