1. Public Works Operations Facility Funding Package

STAFF CONTACT: Kassandra Raymond, Chief Financial Officer

SUMMARY BACKGROUND:

The City began feasibility studies for a new Public Works Operations Facility in 2017. The current facility, constructed in 2000 on 1.6 acres, is undersized and does not meet current operational needs. The City began design and property acquisition in 2018, acquiring five (5) parcels for a total of 7.19 acres. Construction divided into three distinct phases: Phase I completed the pre-load/earthwork for the facility, Phase II constructed a decant station on the north parcel, and Phase III will construct the main facility/buildings.

The total cost of the project is estimated at approximately \$65.9M, split 49% to the General Fund and 51% to the utility funds (Water, Sewer, and Stormwater). Approximately \$7.7M of General, Water, Sewer, and Stormwater funds were used for design and property acquisition. The City issued a bond anticipation note (\$4.3M) in 2023 for Phase I, and received a Public Works Trust Fund Loan (\$3.1M) for the decant facility.

In 2021, the City Council passed Resolution No. 1573, confirming its intent to support funding of the Public Works Operations Facility from the proceeds of the sale of the Sumner Meadows Golf Course. Resolution No. 1573 originally anticipated funding \$10 Million of the project; continued design and cost estimates have increased the funding need to offset the governmental portion of the project cost (revenue debt will be issued for the utility portion of the project cost).

Staff has presented to Council on multiple occasions, most recently on December 9, 2024, funding the governmental portion of the Public Works Operations Facility from the proceeds of the Sumner Meadows Golf Course. On February 18, 2025, Council will consider Ordinance No. 2920 authorizing a budget amendment to appropriate \$27.4M from Fund 004 (Capital Reserve Fund) to complete the funding package for the Public Works Operations Facility. Additionally, Council will consider Ordinance No. 2918 delegating authority for the issuance of long-term revenue (utility) debt for the project.

For so long as all Bonds are in fully-immobilized form, such payments of principal and interest thereon shall be made as provided in the operational arrangements of DTC as referred to in the Letter of Representations. If the Bonds have been underwritten and are no longer in fully immobilized form, interest on the Bonds shall be paid by check, ACH or draft (or otherwise as approved by the City Representative) mailed or delivered to the Registered Owners at the addresses for such Registered Owners appearing on the Bond Register as of the Record Date, or upon the written request of a Registered Owner of more than \$1,000,000 of Bonds (received by the Bond Registrar at least 15 days prior to the applicable payment date), such payment shall be made by the Bond Registrar by ACH or wire transfer to the account within the continental United States designated by the Registered Owner. If the Bonds are no longer held in uncertificated form, the selection of such Bonds to be redeemed and the surrender and reissuance thereof, as applicable, shall be made as provided in the following provisions of this subsection (c). If the City redeems at any one time fewer than all of the Bonds having the same maturity date, the particular Bonds or portions of Bonds of such maturity to be redeemed shall be selected by lot (or in such manner determined by the Bond Registrar) in increments of \$5,000. In the case of a Bond of a denomination greater than \$5,000, the City and the Bond Registrar shall treat each Bond as representing such number of separate Bonds each of the denomination of \$5,000 as is obtained by dividing the actual principal amount of such Bond by \$5,000. In the event that only a portion of the principal sum of a Bond is redeemed, upon surrender of such Bond at the principal office of the Bond Registrar there shall be issued to the Registered Owner, without charge therefor, for the then unredeemed balance of the principal sum thereof, at the option of the Registered Owner, a Bond or Bonds, maturity and interest rate in any of the denominations herein authorized.

Each further notice of redemption given hereunder shall contain the information required above for an official notice of redemption plus (A) the CUSIP numbers of all Bonds being redeemed; (B) the date of issue of the Bonds as originally issued; (C) the rate of interest borne by each Bond being redeemed; (D) the maturity date of each Bond being redeemed; and (E) any other descriptive information needed to identify accurately the Bonds being redeemed. Each further notice of redemption may be sent at least 20 days before the redemption date to each party entitled to receive notice pursuant to Section 16, and to such persons (including securities repositories who customarily at the time receive notices of redemption in accordance with rules promulgated by the Commission) and with such additional information as the City shall deem appropriate, but such mailings shall not be a condition precedent to the redemption of such Bonds.

(4) Amendment of Notice Provisions. The foregoing notice provisions of this Section 4, including but not limited to the information to be included in redemption notices and the persons designated to receive notices, may be amended by additions, deletions and changes in order to maintain compliance with duly promulgated regulations and recommendations regarding notices of redemption of municipal securities.

Section 5. Revenue Fund and Priority of Application of Revenue. There has heretofore been created by the City a special fund of the City known as the "Revenue Fund," which includes a number of funds and accounts described in Section 1 of this ordinance, into which shall be deposited the Revenue of the System as collected. The Revenue Fund shall be held separate and apart from all other funds and accounts of the City and the Revenue of the System deposited in such Revenue Fund shall be used only for the following purposes and in the following order of priority:

First, to pay the Costs of Maintenance and Operation;

Second, to make any payments required to be made into the Bond Account to pay the principal of an interest on Parity Bonds as they come due or as the principal is required to be paid and to make all payments required to be made into any mandatory redemption or sinking fund account created to provide for the payment of the principal of Term Bonds;

Third, to make all payments required to be made into a Reserve Account, including reimbursements to the issuer of a letter of credit or insurance if the letter of credit or insurance has been issued to fund the Reserve Requirement and/or the reserve requirement(s) for any Future Parity Bonds and the ordinance authorizing such Parity Bonds provides for such reimbursement;

Fourth, to make all payments required to be made into any revenue bond redemption fund, note, warrant or other revenue obligation redemption fund, debt service account or reserve account created to pay and secure the payment of the principal of and interest on any revenue bonds or warrants or other obligations of the City having a lien upon the Revenue of the System junior or inferior to the lien thereon for the payment of the principal of and interest on the Parity Bonds; and

Fifth, to retire by redemption or purchase any outstanding revenue bonds or other revenue obligations of the System, to make necessary additions, betterments, improvements and repairs to or extensions of and replacements of the System, or for any other lawful System purposes.

The City may transfer any money from any funds or accounts of the System legally available therefor, except bond redemption funds, refunding escrow funds or defeasance funds, to meet the required payments to be made into the Bond Account.

Section 6. Bond Account; Reserve Account. The Chief Financial Officer shall maintain one or more funds or accounts for the purpose of paying debt service on Parity Bonds. (which funds or accounts shall herein be referred to as the "Bond Account" regardless of its accounting designation(s)) The Bond Account shall be at all times completely segregated and set apart from all other funds and accounts of the City and shall be a trust fund for the security and payment of the principal of and interest on the Bonds and all Parity Bonds as the same shall become due.

(a) *Payments Into Bond Account.* Immediately after the delivery of the Bonds there shall be paid into the Bond Account all accrued interest, if any, received with respect to the Bonds.

The Chief Financial Officer is hereby authorized and directed and the City hereby obligates and binds itself to set aside and pay into the Bond Account all ULID Assessments as the same are collected.

As long as any Parity Bond remains outstanding, the City hereby irrevocably obligates and binds itself to set aside and pay from the Revenue Fund into the Bond Account those amounts necessary, together with such other funds as are on hand and available in the Bond Account, to pay the interest or principal and interest next coming due on outstanding Parity Bonds. Such payments from the Revenue Fund shall be made in a fixed amount without regard to any fixed proportion (and may be made and recognized for accounting purposes) on or prior to the due date for such installment of principal and interest.

(b) *Reserve Account.* The City maintains a reserve account for the benefit of the owners and holders of the 2013 Bond and may establish a reserve account for any series of Future Parity Bonds or a common reserve account for the benefit of one or more series of Future Parity Bonds (collectively referred to herein as the "Reserve Account"). The Reserve Account for the 2013 Bond shall be held and maintained as provided in the 2013 Bond Ordinance. The Bonds shall not be secured by a Reserve Account. The ordinance that creates a Reserve Account, if any, for Future Parity Bonds, shall establish the terms for establishment and maintenance of that Reserve Account, including, but not limited to the required size of the reserve account maintenance requirement. A Reserve Account may be maintained as a subaccount of the Bond Account.

(c) *Priority of Lien of Payments into Bond Account and any Reserve Account established in the Future.* The amounts so pledged to be paid into the Bond Account and a Reserve Account from the Revenue Fund and from ULID Assessments are hereby declared to be a prior lien and charge upon the Revenue of the System and ULID Assessments superior to all other charges of any kind or nature whatsoever except the Costs of Maintenance and Operation of the System, and except that the amounts so pledged are of equal lien to the charges upon such Revenue and ULID Assessments for the payment of the principal of and interest on the Bonds and any Future Parity Bonds and the priority of payment from a Reserve account shall be limited to the amounts in the applicable Reserve Account.

(d) *Application and Investment of Moneys in the Bond Account and Reserve Account.* Money in the Bond Account and any Reserve Account may be kept in cash or invested as permitted by law. Investments in the Bond Account shall mature prior to the date on which such money shall be needed for required interest or principal payments (for investments in the Bond Account) or having a guaranteed redemption price prior to maturity. All interest earned and income derived by virtue of such investments shall remain in the Bond Account or a Reserve Account, as specified by the Chief Financial Officer, and be used to meet the required deposits therein.

(e) *Sufficiency of Revenues.* The City Council hereby finds that in fixing the amounts to be paid into the Bond Account out of the Revenue of the System, it has exercised due regard for the Costs of Maintenance and Operation and has not obligated the City to set aside and pay into the Bond Account a greater amount of such Revenue than in its judgment will be available over

and above the Costs of Maintenance and Operation and the payments heretofore required to be deposited in the Bond Account for all outstanding Parity Bonds.

Section 7. Specific Covenants.

(a) *Rate Covenant.* The City will establish, maintain and collect such rates and charges for service of its System for so long as any Bonds are outstanding as will maintain the Rate Covenant.

(b) *System Maintenance.* The City will at all times maintain and keep the System in good repair, working order and condition, and also will at all times operate such utility and the business in connection therewith in an efficient manner and at a reasonable cost.

(c) *Disposal of Properties.* The City will not mortgage, sell, lease, or in any manner encumber or dispose of all or substantially all the property of the System (voluntarily or involuntarily), unless provision is made for payment into the Bond Account of a sum sufficient to pay the principal of, premium, if any, and interest on all outstanding bonds payable therefrom, nor will it mortgage, sell, lease, or in any manner encumber or dispose of (including but not limited to a disposition by transfer to another public or private organization) voluntarily or involuntarily any part of the System that is used, useful and material to the operation of the System unless

(1) the City certifies, based upon reasonable expectations, that the remaining assets of the System shall be sufficient to continue regular operations of the City on a financially sound basis for a period of at least five years; and

(2) provision is made for replacement thereof or for payment into the Bond Account of the total amount of revenue received which shall not be less than an amount which shall bear the same ratio to the amount of outstanding Parity Bonds as the greater of:

(A) the Net Revenue available for Debt Service for such outstanding Parity Bonds for the 12 months preceding such sale, lease, encumbrance or disposal from the portion of the System sold, leased, encumbered or disposed of bears to the Net Revenue available for Debt Service for such Parity Bonds from the entire system for the same period;

(B) the Revenue of the System for the 12 months preceding such sale, lease, encumbrance or disposal from the portion of the System sold, leased, encumbered or disposed of bears to the Revenue of the System for the same period;

(C) the proportion of assets (on a depreciated basis) allocable to the assets being sold, leased, encumbered or disposed of bears to the total assets of the System; or

(D) the proportion of customers of the City allocable to the assets being sold, leased, encumbered or disposed of bears to the total number of customers of the System,

provided, however, that the City may dispose of any portion of the facilities of the System up to an aggregate of five percent of the book value of the total assets of the System without the requirement for any deposit to the Bond Account as hereinabove provided.

Any such moneys so paid into the Bond Account shall be used to retire such outstanding Parity Bonds at the earliest possible date. Any money received by the City as condemnation awards, insurance proceeds or the proceeds of sale, if not deposited to the Bond Account, shall be used for the replacement of facilities of the System.

(d) *Books and Records.* The City will, while any of the Bonds remains outstanding, keep proper and separate accounts and records in which complete and separate entries shall be made of all transactions relating to the System.

(e) *No Free Service.* The City will not furnish water or sanitary sewerage disposal service to any customer whatsoever free of charge (except to aid the poor or infirm, to provide for resource conservation or to provide for the proper handling of hazardous materials) and will promptly take legal action to enforce collection of all delinquent accounts.

(f) *Property Insurance.* The City will at all times carry fire and extended coverage and such other forms of insurance on the buildings, equipment, facilities and properties of the System, if such insurance is obtainable at reasonable rates and upon reasonable conditions, against such risks, in such amounts, and with such deductibles as the Council shall deem necessary for the protection of the System and the owners of all outstanding Bonds and Parity Bonds.

(g) *ULID Assessments.* The City will promptly collect all ULID Assessments and pay the same into the Bond Account. Such ULID Assessments may be used to pay the principal of and interest on any bonds payable out of such Account without said ULID Assessments being particularly allocated to the payment of the principal of and interest on any particular issue or series of such bonds.

(h) *Liability Insurance.* The City will at all times keep and arrange to keep in full force and effect policies of public liability and property damage insurance which will protect the City against anyone claiming damages of any kind or nature arising out of the operation of the System, if such insurance is obtainable at reasonable rates and upon reasonable conditions, in such amounts and with such deductibles as the Council shall deem necessary for the protection of the City and the owners of the outstanding Bonds and Parity Bonds.

(i) *Delinquencies of Accounts.* The City will, on or before January 1 of each calendar year, determine all accounts that are delinquent and will take all necessary action to enforce payment of any such delinquencies.

(j) *Delinquencies of Assessments.* The City will, on or before January 1 of each calendar year, determine all ULID Assessments or installments thereof that have become delinquent during the preceding calendar year, and by March 1 of each such calendar year will bring the necessary actions of foreclosure upon the property against which ULID Assessments were levied. If any ULID Assessments shall become due and payable because of a change in

classification of land pursuant to RCW 84.34.330 (or successor statute), the City shall proceed to collect such ULID Assessments and interest thereon for deposit into the Bond Account.

Section 8. Application of Bond Proceeds.

(a) *Project Account.* A portion of the proceeds of the Bonds (exclusive of the Underwriter's discount) shall be deposited into a capital project account and used to pay costs of issuance and, together with other available moneys, to pay costs of the Project.

The Chief Financial Officer shall invest the net proceeds of the Bonds in such obligations as may now or hereafter be permitted to cities of the State of Washington by law and that will mature prior to the date on which such money shall be needed. Earnings on such investments, except as may be required to pay rebatable arbitrage pursuant to the Tax Certificate, if any, may be used for City purposes or transferred to the Bond Account for the uses and purposes therein provided.

The City shall maintain books and records regarding the use and investment of proceeds of Bonds in order to maintain compliance with its obligations under its Tax Certificate.

(b) *2023 Note.* A portion of the proceeds of sale of the Bonds, together with other funds, if any, provided by the City, upon the determination of the City Representative, may be remitted to the bond registrar for the 2023 Note or, upon the election of the City Representative, remitted to an escrow agent and shall be used for the purpose of paying off a portion of the 2023 Note. If the proceeds of sale are remitted directly to the bond registrar for the portion of the 2023 Note, the proceeds shall be held uninvested and used promptly to redeem the portion of the 2023 Note on the date of closing. If the proceeds of sale are remitted to an escrow agent, money received by such escrow agent from Bond proceeds and other money provided by the City, if any, shall be used immediately upon receipt thereof in accordance with the terms of an escrow agreement, if any, to defease the portion of the 2023 Note as authorized by Ordinance No. 2870. The escrow agent, if any, shall hold such funds as cash or purchase certain Government Obligations (which obligations so purchased, are herein called "Acquired Obligations"), bearing such interest and maturing as to principal and interest in such amounts and at such times which, together with any necessary beginning cash balance, will provide for the payment of:

(1) Interest on the portion of the 2023 Note redeemed as such becomes due on and prior to the date of pay off; and

(2) The redemption price (100% of the portion of the principal amount redeemed) of the 2023 Note to be payable on the date of pay off.

Such Acquired Obligations shall be purchased at a yield not greater than the yield permitted by the Code and regulations relating to acquired obligations in connection with refunding bond issues.

The City Representative is hereby authorized to appoint an escrow agent, if necessary.

Section 9. Tax Covenants. The City covenants that it will not take or permit to be taken on its behalf any action that would adversely affect the exemption from federal income taxation of the interest on the Bonds and will take or require to be taken such acts as may reasonably be within its ability and as may from time to time be required under applicable law to continue the exemption from federal income taxation of the interest on the Bonds.

(a) *Arbitrage Covenant.* Without limiting the generality of the foregoing, the City covenants that it will not take any action or fail to take any action with respect to the proceeds of sale of the Bonds or any other funds of the City which may be deemed to be proceeds of the Bonds pursuant to Section 148 of the Code and the regulations promulgated thereunder which, if such use had been reasonably expected on the dates of delivery of the Bonds to the initial purchasers thereof, would have caused the Bonds as “arbitrage bonds” within the meaning of such term as used in Section 148 of the Code.

The City represents that it has not been notified of any listing or proposed listing by the Internal Revenue Service to the effect that it is an issuer whose arbitrage certifications may not be relied upon. The City will comply with the requirements of Section 148 of the Code and the applicable regulations thereunder throughout the term of the Bonds.

(b) *Private Person Use Limitation for Bonds.* The City covenants that for as long as the Bonds are outstanding, it will not permit:

(1) More than 10% of the Net Proceeds of the Bonds to be used for any Private Person Use; and

(2) More than 10% of the principal or interest payments on the Bonds in a Bond Year to be directly or indirectly: (A) secured by any interest in property used or to be used for any Private Person Use or secured by payments in respect of property used or to be used for any Private Person Use, or (B) derived from payments (whether or not made to the City) in respect of property, or borrowed money, used or to be used for any Private Person Use.

The City further covenants that, if:

(3) More than five percent of the Net Proceeds of the Bonds are to be used for any Private Person Use; and

(4) More than five percent of the principal or interest payments on the Bonds in a Bond Year are (under the terms of this ordinance or any underlying arrangement) directly or indirectly:

(A) secured by any interest in property used or to be used for any Private Person Use or secured by payments in respect of property used or to be used for any Private Person Use, or

(B) derived from payments (whether or not made to the City) in respect of property, or borrowed money, used or to be used for any Private Person Use, then, (i) any Private

Person Use of the projects described in subsection (3) hereof or Private Person Use payments described in subsection (4) hereof that is in excess of the five percent limitations described in such subsections (3) or (4) will be for a Private Person Use that is related to the state or local governmental use of the Project, and (ii) any Private Person Use will not exceed the amount of Net Proceeds of the Bonds used for the state or local governmental use portion of the project to which the Private Person Use of such portion of the Project relates. The City further covenants that it will comply with any limitations on the use of the projects by other than state and local governmental users that are necessary, in the opinion of its bond counsel, to preserve the tax exemption of the interest on the Bonds. The covenants of this section are specified solely to assure the continued exemption from regular income taxation of the interest on the Bonds.

(c) *No Designation under Section 265(b).* The Bonds are not “qualified tax exempt obligations” for investment by financial institutions under Section 265(b) of the Code

(d) *Modification of Tax Covenants.* The covenants of this section are specified solely to assure the continued exemption from regular income taxation of the interest on the Bonds. To that end, the provisions of this section may be modified or eliminated without any requirement for formal amendment thereof upon receipt of an opinion of the City’s bond counsel that such modification or elimination will not adversely affect the tax exemption of interest on any Bonds.

Section 10. Issuance of Parity Bonds.

(a) *Future Parity Bonds.* The City hereby further covenants and agrees that it will not issue any Future Parity Bonds except that the City hereby reserves the right to issue additional water and sewer revenue bonds, which shall constitute a charge and lien upon the Revenue of the System equal to the lien thereon of the Bonds. Except as provided in subsection (2) below, the City shall not issue any series of Future Parity Bonds or incur any additional indebtedness with a parity lien or charge on Net Revenues (*i.e.*, on a parity of lien with Parity Bonds at the time outstanding) unless each of the following conditions shall be met.

(1) The City shall not have been in default of its Rate Covenant for the immediately preceding fiscal year.

(2) There shall have been filed a certificate (prepared as described in subsection (c) or (d) below) demonstrating fulfillment of the Parity Requirement, commencing with the first full fiscal year following the date on which any portion of interest on the series of Future Parity Bonds then being issued no longer will be paid from the proceeds of such series of Future Parity Bonds.

(3) Each such ordinance providing for the issuance of such Future Parity Bonds shall require that any and all ULID Assessments will be paid directly into the Bond Account.

(4) At the time of the issuance of Future Parity Bonds there shall not be any deficiency in the Bond Account or any Reserve Account.

(b) *No Certificate Required.* The certificate described in the foregoing subsection (a)(2) shall not be required as a condition to the issuance of Future Parity Bonds:

(1) if the Future Parity Bonds being issued are for the purpose of refunding outstanding Parity Bonds; or

(2) if the Future Parity Bonds are being issued to pay costs of construction of facilities of the System for which Future Parity Bonds have been issued previously and the principal amount of such Future Parity Bonds being issued for completion purposes does not exceed an amount equal to an aggregate of 15% of the principal amount of Future Parity Bonds theretofore issued for such facilities and reasonably allocable to the facilities to be completed as shown in a written certificate of the City Representative, and there is delivered a Consultant's certificate stating that the nature and purpose of such facilities has not materially changed.

(c) *Certificate of the City Without A Consultant.* If required pursuant to the foregoing subsection (a)(2), a certificate may be delivered by the City (executed by the City Representative) without a Consultant if Net Revenues for the Base Period (confirmed by an independent auditor, e.g. the Division of Municipal Corporations of the Office of the State Auditor) conclusively demonstrate that the Parity Requirement will be fulfilled commencing with the first full fiscal year following the date on which any portion of interest on the series of Future Parity Bonds then being issued will not be paid from the proceeds of such series of Future Parity Bonds.

(d) *Certificate of a Consultant.* Unless compliance with the requirements of subsection (a)(2) have been otherwise satisfied (as provided in (b) or (c) above), compliance with the Parity Requirement shall be demonstrated conclusively by a certificate of a Consultant.

In making the computations of Net Revenues for the purpose of certifying compliance with the Parity Requirement, the Consultant shall use as a basis the Net Revenues for the Base Period. Such Net Revenues shall be determined by adding the following:

(1) The historical net revenue of the City for any 12 consecutive months out of the 30 months immediately preceding the month of delivery of the Future Parity Bonds being issued as determined by a Consultant.

(2) The net revenue derived from those customers of the City that have become customers during such 12-month period or thereafter and prior to the date of such certificate, adjusted to reflect a full year's net revenue from each such customer to the extent such net revenue was not included in (1) above.

(3) The estimated annual net revenue to be derived from any person, firm, association, private or municipal corporation under any executed contract for service, which net revenue was not included in any of the sources of net revenue described in this subsection (d).

(4) The estimated annual net revenue to be derived from the operation of any additions or improvements to or extensions of the City under construction but not completed at the time of such certificate and not being paid for out of the proceeds of sale of such Future Parity

Bonds being issued, and which net revenue is not otherwise included in any of the sources of net revenue described in this subsection (d).

(5) The estimated annual net revenue to be derived from the operation of any additions and improvements to or extensions of the City being paid for out of the proceeds of sale of such Future Parity Bonds being issued.

(6) ULID Assessments to be collected. The words “ULID Assessments to be collected” as used in the first paragraph of this subsection (6) shall mean 90% of the Consultant’s estimates of the amount of ULID Assessments theretofore levied and to be collected in each subsequent year.

In the event the City will not derive any revenue as a result of the construction of the additions, improvements or extensions being made or to be made to the System within the provisions of subparagraphs (3) and (5) immediately above, the estimated normal Costs of Maintenance and Operation (excluding any transfer of money to other funds of the City and license fees, taxes and payments in lieu of taxes payable to the City) of such additions, improvements and extensions shall be deducted from estimated annual net revenue.

The words “historical net revenue” or “net revenue” as used in this subsection (d) shall mean the Revenue or any part or parts thereof less the normal expenses of maintenance and operation of the System or any part or parts thereof, but before depreciation.

Such “historical net revenue” or “net revenue” shall be adjusted to reflect the rates and charges effective on the date of such certificate if there has been any change in such rates and charges during or after such 12-consecutive-month period.

(e) *Subordinate Lien Obligations.* Nothing herein contained shall prevent the City from issuing revenue bonds or other obligations which are a charge upon the Revenue of the System junior or inferior to the payments required by this ordinance to be made out of such Revenue to pay and secure the payment of any outstanding Parity Bonds.

Section 11. Form of Bonds. The Bonds shall be in substantially this form:

noncallable Government Obligations, in amounts and maturities which, together with the known earned income therefrom, are sufficient to redeem or pay and retire such Bond in accordance with its terms and to pay when due the interest and redemption premium, if any, thereon, and such cash and/or noncallable Government Obligations are irrevocably set aside and pledged for such purpose, then no further payments need be made into the Bond Account for the payment of the principal of and interest on such Bond. The owner of a Bond so provided for shall cease to be entitled to any lien, benefit or security of this ordinance except the right to receive payment of principal, premium, if any, and interest from such special account, and such Bond shall be deemed to be not outstanding under this ordinance.

The Bond Registrar shall provide notice of defeasance of Bonds to Registered Owners and to each party entitled to receive notice in accordance with Section 16 of this ordinance.

Section 14. Lost or Destroyed Bonds. In case any Bonds shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new Bond or Bonds of like amount, date and tenor to the owner thereof upon the owner's paying the expenses and charges of the Bond Registrar and the City in connection therewith and upon his filing with the Bond Registrar and the City evidence satisfactory to both that such Bond or Bonds were actually lost, stolen or destroyed and of his ownership thereof, and upon furnishing the City and the Bond Registrar with indemnity satisfactory to both.

Section 15. Sale of Bonds. The Council has determined that it is in the best interest of the City to delegate to the City Representative the authority to enter into a Bond Purchase Contract with the Underwriter, and within the Bond Purchase Contract, to approve the final interest rates, maturity dates, aggregate principal amount, principal amounts of each maturity, redemption rights and other terms and conditions of the Bonds. The Council has been advised that market conditions are fluctuating and, as a result, the most favorable market conditions may occur on a day other than a regular meeting date of the Council. The Council has determined that it would be in the best interest of the City to delegate to the City Representative for a limited time the authority to approve the final interest rates, aggregate principal amount and principal amounts of each maturity of the Bonds and determine the redemption rights for the Bonds. The City Representative is hereby authorized to approve the final interest rates, aggregate principal amount, principal maturities and redemption rights for the Bonds in the manner provided hereafter so long as (i) the aggregate principal amount of the Bonds issued pursuant to this ordinance does not exceed \$29,000,000; (ii) the aggregate true interest cost for the Bonds does not exceed 6.00%; and (iii) the final maturity of the Bonds is no later than 30 years from the date of issuance.

In determining the final interest rates, aggregate principal amounts, principal maturities, and redemption rights for the Bonds, the City Representative, in consultation with City staff, shall take into account those factors that, in his/her judgment, will result in the most favorable overall interest cost on the Bonds to their maturity, including, but not limited to current financial market conditions and current interest rates for obligations comparable in tenor and quality to the Bonds. The authority granted to the City Representative by this Section 15 shall expire on February 1, 2026. If a Bond Purchase Contract for Bonds has not been executed by February 1, 2026, the authorization for the issuance of such Bonds shall be rescinded, and Bonds shall not be issued nor their sale approved unless such Bonds shall have been re-authorized by ordinance of the Council.

The ordinance re-authorizing the issuance and sale of such Bonds may be in the form of a new ordinance repealing this ordinance in whole or in part or may be in the form of an amendatory ordinance approving a bond purchase contract or establishing terms and conditions for the authority delegated under this Section 15.

The Bonds shall be sold by negotiated sale to the Underwriter, and the City Representative shall negotiate the terms of sale for the Bonds, including the terms described in this section, in a contract of sale with the Underwriter (the “Bond Purchase Contract”).

Subject to the terms and conditions set forth in this Section 15, the City Representative is hereby authorized to execute the final form of a Bond Purchase Contract upon his or her approval of the final interest rates, maturity dates, aggregate principal amount, principal maturities and redemption rights set forth therein. Following the sale of the Bonds, the City Representative shall provide a report to the Council, describing the final terms of the Bonds approved pursuant to the authority delegated in this section.

Upon the passage and approval of this ordinance, the proper officials of the City including the City Representative, are authorized and directed to undertake all action necessary for the prompt execution and delivery of the Bonds to the Underwriter and further to execute all closing certificates and documents required to effect the closing and delivery of the Bonds in accordance with the terms of the Bond Purchase Contract. The Bonds shall not be issued unless or until the City has received the consent from the owner and holder of the 2013 Bond to the issuance of the Bonds as Parity Bonds subject to the terms of this ordinance. In furtherance of the foregoing, the City Representative is authorized to approve and enter into agreements for the payment of costs of issuance, including Underwriter’s discount, the fees and expenses specified in the Bond Purchase Contract, including fees and expenses of Underwriter and other retained services, including bond counsel, rating agencies, fiscal agent, and other expenses customarily incurred in connection with issuance and sale of bonds.

The City Representative is authorized to ratify and to approve for purposes of the Rule, on behalf of the City, the Official Statement (and any preliminary official statement) relating to the issuance and sale of the Bonds and the distribution of the Official Statement pursuant thereto with such changes, if any, as may be deemed by him/her to be appropriate.

The City Representative is hereby authorized to deem final one or more preliminary Official Statements relating to the Bonds for the purposes of the Rule.

In lieu of providing such annual financial information and operating data, the City may cross refer to other documents available to the public on the MSRB's internet website or filed with the Commission.

If not provided as part of the annual financial information discussed above, the City shall provide the City's audited annual financial statement prepared in accordance with the Budgeting Accounting and Reporting System prescribed by the Washington State Auditor pursuant to RCW 43.09.200 (or any successor statute) when and if available to the MSRB.

The term “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “financial obligation” shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

Solely for purposes of information, but without intending to modify this undertaking, with respect to the notice regarding property securing the repayment of the Bonds, the City will state in its preliminary and final Official Statements that there is no property securing the repayment of the Bonds. The City shall promptly determine whether the events described above are material.

(d) *Notification Upon Failure to Provide Financial Data.* The City agrees to provide or cause to be provided, in a timely manner, to the MSRB notice of its failure to provide the annual financial information described in Subsection (b) above on or prior to the date set forth in Subsection (b) above.

(e) *EMMA; Format for Filings with the MSRB.* Until otherwise designated by the MSRB or the Commission, any information or notices submitted to the MSRB in compliance with the Rule are to be submitted through the MSRB's Electronic Municipal Market Access system ("EMMA"), currently located at www.emma.msrb.org. All notices, financial information and operating data required by this undertaking to be provided to the MSRB must be in an electronic format as prescribed by the MSRB. All documents provided to the MSRB pursuant to this undertaking must be accompanied by identifying information as prescribed by the MSRB.

(f) *Termination/Modification.* The City's obligations to provide annual financial information and notices of listed events shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. Any provision of this section shall be null and void if the City (1) obtains an opinion of nationally recognized bond counsel to the effect that the portion of the Rule that requires that provision is invalid, has been repealed retroactively or otherwise does not apply to the Bonds and (2) notifies the MSRB of such opinion and the cancellation of this section.

The City may amend this section with respect to the Bonds with an opinion of nationally recognized bond counsel in accordance with the Rule. In the event of any amendment of this section, the City shall describe such amendment in the next annual report, and shall include, a narrative explanation of the reason for the amendment and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (A) notice of such change shall be given in the same manner as for a listed event under Subsection (c), and (B) the annual report for the year in which the change is made shall present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

(g) *Bond Owner's Remedies Under This Section.* The right of any bondowner or beneficial owner of Bonds to enforce the provisions of this section shall be limited to a right to obtain specific enforcement of the City's obligations under this section, and any failure by the City to comply with the provisions of this undertaking shall not be an event of default with respect to the Bonds. For purposes of this section, "beneficial owner" means any person who has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds, including persons holding Bonds through nominees or depositories.

Section 17. Bond Insurance. The City Representative is hereby also authorized to consider proposals from bond insurers and determine whether the use of bond insurance for the Bonds is economically advantageous to the City. If the City Representative determines to obtain bond insurance, the City Representative is authorized to execute a commitment for insurance.

Section 18. Ordinance and Laws a Contract with the Registered Owner and Holder. This ordinance is adopted under the authority of and in full compliance with the Constitution and laws of the State of Washington. In consideration of the Registered Owners and holders of the Bond or Bonds, the provisions of this ordinance and of said laws shall constitute a contract with the Registered Owners and holders, and the obligations of the City and its Council under said laws and under this ordinance shall be enforceable by any court of competent jurisdiction; and the covenants and agreements herein and in the Bonds set forth shall be for the equal benefit of the Registered Owners and holders.

Section 19. Severability. If any one or more of the covenants or agreements provided in this ordinance to be performed on the part of the City shall be declared by any court of competent jurisdiction to be contrary to law, then such covenant or covenants, agreement or agreements, shall be null and void and shall be deemed separable from the remaining covenants and agreements of this ordinance and shall in no way affect the validity of the other provisions of this ordinance or of the Bonds.

Section 20. Effective Date. This ordinance shall be effective five days from its passage and publication as required by law.
