SUMNER PLANNING COMMISSION MEETING

AGENDA – STUDY SESSION

August 19, 2021 6:00 p.m.

Governor Inslee recently issued the “Washington Ready” guidelines, effectively re-opening the State of Washington and removing Covid-19 restrictions. The City of Sumner looks forward to welcoming members of the public, but until further notice will continue to conduct its meetings 100% virtually, using the ZOOM platform. The public is invited to attend using the ZOOM meeting access information below.

Planning Commissioners

STAFF REPORT

DATE: August 4, 2020
TO: PLANNING COMMISSION
FROM: Ann Siegenthaler, Associate Planner
RE: **Zoning Code Text Amendment - Interchange Commercial Zone (ZCTA-2021-0042)**

I. BACKGROUND / WHY THE AMENDMENTS ARE BEING PROPOSED

In June 2021, the City received a request from a property owner in the Interchange Commercial (IC) zone to update the zoning code to allow: 1) auto collision services and 2) boat sales as permitted uses. These uses are not permitted outright in the IC Zone. Auto collision services are prohibited and boat sales are considered heavy equipment sales and require a conditional use permit. In many instances these uses are comparable to, and can be compatible with other uses currently allowed in the zone, particularly if subject to performance standards to address potential impacts.

II. DESCRIPTION OF PROPOSAL

The goal of this update is to expand opportunities for businesses that may be compatible with other uses in the IC zone, while minimizing associated impacts on surrounding properties. There are two areas of proposed code changes: adding boat sales and auto collision services as outright permitted uses. Staff recommends updating the regulations to permit these uses, and adding performance standards to address potential impacts.

A. BOAT SALES

"Boat sales and repair" is currently included with heavy equipment sales, which is only allowed as a conditional use. Heavy equipment includes equipment like cranes and large excavation machinery. While *repair* of large boats could have negative impacts, *sales* of boats could be compatible with surrounding commercial uses. It would be similar to sales of recreational vehicles (e.g. Poulsbo RV) and sales of large commercial trucks (e.g. Peterbilt) which are currently allowed. Staff proposes allowing boat sales but not boat repair, given the potentially greater impacts. In order to support boat sales as an outright permitted use, staff proposes separating it out from heavy equipment sales. Updates to definitions are proposed to distinguish boat sales from other types of uses.

B. AUTO COLLISION SERVICES

Auto body repair/collision services (defined as "vehicle repair major") is prohibited in the IC zone. This is a use allowed only in industrial zones due to the impacts of noise, odors, etc. However, collision services for passenger vehicles only, if conducted indoors, could have minimal impacts on neighboring properties. In other cities, collision centers are often located in commercial zones, service only passenger vehicles, and work is conducted indoors with few external impacts. With performance

standards that require indoor repair work only and that require screening of outdoor storage of vehicles in disrepair, a collision center can be compatible with other commercial uses in the IC zone. Staff is proposing to create an “automotive collision center” use that would be allowed outright in Interchange Commercial, but not for collision work on heavy duty commercial trucks, boats or heavy equipment. This use would also be added to allowed uses in industrial zones. Staff proposes updating definitions to distinguish different types of collision services.

Attached in Exhibit A is a table summarizing the proposed amendments. The draft ordinance is presented in Exhibit B, attached.

III. ANALYSIS

The proposed Zoning Code amendments are consistent with the intent and policies of the Comprehensive Plan, including the policies discussed below. Further, the proposal is consistent with the purpose of the IC zone in SMC 18.16.010: *“The IC district is intended to provide for retailing and other commercial services that are easily accessible from the freeway, yet are not located near residential districts. Such commercial developments primarily rely on the automobile as their principal source of access.”*

LAND USE ELEMENT

The proposal is consistent with Comprehensive Plan policies and goals for establishing land uses in appropriate areas. Goals to minimize incompatibility between land use types while allowing for a mix of land uses would be met. Further, the proposal is consistent with the following specific policies:

- 1.1 *Ensure... appropriate transitions so that more intensive uses do not adversely impact adjacent uses.*
- 1.1.1 *Maintain the design guidelines and ordinances to achieve compatible and attractive new residential, commercial, and industrial uses.*
- 1.1.2 *Maintain zoning and subdivision regulations to ensure adequate setbacks, landscaping, and buffering are required where land use conflicts and impacts may occur.*

ECONOMIC DEVELOPMENT ELEMENT

The proposal is consistent with the overall intent of the Economic Development Element as it would support a variety of businesses that may benefit from proximity to a freeway interchange, while minimizing impacts on adjacent businesses. Further, the proposal is consistent with the following specific policies:

- 1.0 *Seek and maintain a strong and diverse economy with a variety of different types and sizes of business, industry and employment.*
- 1.1 *Provide adequate land for different kinds of businesses and development to support this element.*

COMMUNITY CHARACTER ELEMENT

The proposal is consistent with Comprehensive Plan policies and goals for maintaining community character. Goals to minimize incompatibility between land use types while allowing a range of land uses would be met. Further, the proposal is consistent with the following specific policies:

- 1.2 *Endeavor to maintain a complete community, consistent and compatible in character and design, containing housing, shops, work places, schools, parks, civic facilities, and community services essential to the daily life of residents.*
- 1.5 *Encourage in the community a continuous commitment to maintaining Sumner's character and quality of place, including land conservation and stewardship, wise management of streetscapes and public viewsheds, property maintenance, and historic preservation.*

CONCLUSION: The proposed amendment is consistent with the intent and vision of the City’s Comprehensive Plan in that the amendments would promote the economic vitality and prosperity of Sumner. It is also consistent with the purpose of the IC zone. The amendment would allow a wider range of businesses to locate in the Interchange Commercial zone, and bring additional commercial

opportunities to Sumner. At the same time, the proposed amendment includes performance standards to minimize impacts to the streetscape, public ways and surrounding properties, thereby maintaining community character, and protecting the public safety and welfare.

IV. SEPA ENVIRONMENTAL REVIEW

The State Environmental Policy Act (SEPA) analysis of the proposed amendment has been completed. A Determination of Non-Significance was issued on August 10 2021.

V. PUBLIC & AGENCY COMMENT

No public or agency comments have been received since the publication of this report.

VI. STAFF RECOMMENDATION

Staff recommends approval of the proposal.

VII. PLANNING COMMISSION RECOMMENDATION

Planning Commission recommendation pending public hearing on September 2, 2021.

VIII. EXHIBITS

- A. Table summarizing amendments
- B. Draft ordinance for adopting changes

EXISTING CODE & PROPOSED CHANGES	NOTES ON CHANGES
18.04.0135 Automotive sales. “Automotive sales” means a retail sales and service use in which <u>automobiles and small</u> motorized vehicles, <u>including such as</u> cars, light duty trucks <u>up to 14,000 pounds gross vehicle weight rating</u>, similar passenger vehicles, <u>and</u> motorcycles, <u>and ATVs, snowmobiles, and similar small passenger vehicles</u> are leased or sold. This does not include heavy duty commercial trucks, buses, <u>boats</u>, or recreational vehicles. 18.04.0710 Motorized vehicle sales. “Motorized vehicle sales” means a retail sales and service use in which motorized vehicles, such as buses, recreational vehicles, or travel trailers, <u>and boats</u>, are leased or sold. 18.04.0486 Heavy equipment and/or boat sales. “Heavy equipment and/or boat sales” means a retail sales and service use in which equipment, including, but not necessarily limited to, construction and farm tractors, excavating machinery, and machinery for mining and similar uses, <u>and boats</u> are rented or sold. TABLE 18.16.20 allowed uses: • “Automotive <u>sales</u> and motorized vehicle <u>sales</u>,” = P in IC & GC • Heavy equipment <u>and/or boat</u> repair, accessory to a permitted use⁹ = P • Heavy equipment <u>and/or boat</u> sales = CUP • Truck sales with 10,000 sq.ft. associated professional offices = P	a. To allow collision services for passenger cars only, need to better define passenger cars/trucks as distinct from heavy equipment and large vehicles. b. To distinguish different types of vehicles, staff proposes updates to definitions of motorized vehicle sales, and automotive sales. c. A weight limit is added to further distinguish between passenger vehicles (note that many newer passenger trucks are at 14,000 pounds and commercial trucks exceed that). d. Remove boats from heavy equipment definition; place boats under “motorized vehicles sales” so that boat sales can be outright permitted. This will expand the uses allowed in the IC zone. e. Table listing allowed uses: • Both automotive sales and motorized vehicle sales (which will now include boats) would be allowed outright in the IC zone.
18.04.0140 Automotive repair. See <u>Vehicle repair, automotive collision</u>, “Vehicle repair, minor” and “Vehicle repair, major.” 18.04.1095 Vehicle repair, minor. “Minor vehicle repair” means an automotive <u>sales or motorized vehicle retail</u> sales and service use in which general motor repair work is done as well as the replacement of new or reconditioned parts in motorized vehicles <u>of 10,000 pounds or less gross vehicle weight</u>; but not including any operation included in the definition of “major vehicle repair.” 18.04.1090 Vehicle repair, major. “Major vehicle repair” means <u>a n automotive retail sales and service</u> use in which one or more of the following activities are carried out: A. Reconditioning of any type of motorized vehicle, including any repairs made to vehicles over <u>10,000 14,000</u> pounds gross vehicle weight <u>rating</u>; B. Collision services, including body, frame or fender straightening or repair; C. Overall painting of vehicles or including painting <u>of vehicles</u> in a paint shop; <u>or</u> D. Dismantling of motorized vehicles in an enclosed structure.	f. Minor vehicle repair currently includes incidental service for both automobiles and recreational vehicles (e.g. dealerships). g. Remove vehicle weight from definition because many RV's being serviced are larger. h. Revise definition to clarify that major vehicle repair/collision does not need to be (and is usually not) associated with sales. Update vehicle weight.
18.04.1092 Vehicle repair, automotive collision. “Automotive collision repair” means <u>a use in which one or more of the following activities are carried out on passenger vehicles and similar small vehicles listed under automotive sales at SMC 18.04.0135, but not on boats, recreational vehicles or heavy equipment:</u> <u>A. Reconditioning; or</u> <u>B. Collision services, including body, frame or fender straightening or repair; or</u> <u>C. Overall painting of vehicles, including painting in a paint shop; or</u> <u>D. Dismantling of vehicles.</u> Table 16.18.020 allowed uses: • <u>Vehicle repair, automotive collision</u> = P • Vehicle repair, minor = Already allowed outright in IC • Vehicle repair, major = Not allowed, No change	i. Add new definition for automotive collision work on passenger cars/trucks. j. Continue the current prohibition on collision repair for semi-trucks, boats and heavy equipment. Such repair brings more noise, odors, aesthetic impacts, and also impacts of traffic and large tow trucks. Screening may not be adequate for storing tall vehicles and equipment. k. Boat repair of any kind is currently not allowed as “minor vehicle repair” and also would not be allowed as “vehicle repair, automotive collision.” Would be considered major vehicle repair and only allowed in industrial zones. l. Table listing allowed uses: • Allow passenger vehicle collision repair as outright permitted use in Interchange Commercial if performance standards are met (see section below).

18.16.080 Commercial districts – Performance standards. <u>W. Vehicle repair, automotive collision.</u> <u>1) All reconditioning, body work, painting, dismantling and similar repair shall be conducted indoors. No outdoor storage of vehicles in disrepair is allowed, except temporary staging of a reasonable duration while awaiting repair.</u> <u>2) Outdoor staging of vehicles awaiting repair is allowed, provided staging area does not exceed two hundred percent of indoor repair floor area or one acre, whichever is less; and provided staging area is screened in accordance with subsection 4) of this section.</u> <u>3) Outdoor staging shall only be allowed between the rear lot line and the extension of the front facade of the principal structure, provided no outdoor staging is allowed between a building and a side street lot line;</u> <u>4) Outdoor staging areas shall be screened from view of adjacent commercial properties, public right-of-way and public bicycle or pedestrian paths.</u> <u>a) Such screening may be accomplished by blocking sight lines with building walls, tall opaque fencing, or similar tall structures; or providing a landscape buffer as described herein; or a combination of these methods.</u> <u>b) Landscape buffers shall be a minimum of 10 feet wide, shall include at least a three-foot-high earth berm and at least 50 percent evergreen trees at least six feet in height at planting. Deciduous trees shall be a minimum of two-and-one-half-inch caliper at time of planting. All trees shall be planted no less than 20 feet on-center. For every 100 square feet of buffer area, at least one evergreen shrub shall be planted, that reaches a mature size of 3 feet tall. Ground cover of a minimum two-gallon size shall be planted in the buffer area sufficient to cover the area within three years of planting.</u> <u>5) The director may modify the requirements for screening, spacing, number and size of plantings, and berms upon a satisfactory showing by a licensed landscape architect that an alternate proposal will accomplish the same buffering goals.</u>	m. Add performance standards for collision centers to require repair work indoors only and screening for outdoor vehicle staging areas. • A 10 foot wide landscape strip is the minimum practical to accommodate a berm and mature evergreen trees. This is what's required in the Sumner design guidelines, but is less than the 15 to 20 foot required setbacks in IC zone. • All screening requirements may be modified by the director, depending on site characteristics and visibility.
MANUFACTURING ZONES Table 18.18.020 allowed uses: • Vehicle repair, major = P all zones, No change • <u>Vehicle repair, automotive collision = P</u>	n. Collision centers (aka “vehicle repair major”) are already allowed in manufacturing zones. It follows that regular passenger vehicle-type collision centers should also be allowed. o. Staff proposes adding a permitted use for regular automotive collision service. In industrial zones, performance standards are deemed unnecessary.

ORDINANCE NO. XXXX
CITY OF SUMNER, WASHINGTON

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SUMNER, WASHINGTON, UPDATING ZONING CODE REGULATIONS FOR THE INTERCHANGE COMMERCIAL ZONE CHAPTER 18.16 AND INDUSTRIAL ZONES CHAPTER 18.18; AND AMENDING CHAPTER 18.04 DEFINITIONS.

WHEREAS, the Sumner Municipal Code allows uses in the Interchange Commercial zone that are more intensive than those in other commercial zones, and that are suitable for locations visible and accessible from the freeway; and

WHEREAS, boat sales is not a use permitted outright in the Interchange Commercial zone but is comparable to, and compatible with, other motorized vehicle sales that are currently allowed in the zone; and

WHEREAS, automotive collision services is not a use permitted outright but, with appropriate performance standards, would be compatible with other Interchange Commercial uses; and with other uses allowed in industrial zones; and

WHEREAS, the Sumner Municipal Code contains performance standards for various uses in all zones, to reduce potential impacts from certain uses, to maintain the city's community character and visual quality and to protect public health and safety; and

WHEREAS, in order to allow a broader range of opportunities for commercial uses to locate and operate in the Interchange Commercial zone, Light Industrial zone and Heavy Industrial zone, it is necessary to amend the Zoning Code;

WHEREAS, the Planning Commission held a duly-advertised public hearing on (date XX) on the proposed amendments, followed by a study session on (date)XX; and

WHEREAS, on (date) XX the Planning Commission voted by a X-X vote to recommend adoption by the City Council of the proposed allowable use updates to the Zoning Code as set forth in this ordinance; and

WHEREAS, this proposal was forwarded to the Washington State Department of Commerce for the Expedited 15-day State review per the Growth Management Act on _____ (date); and

WHEREAS, the City Council finds the proposed amendments to be consistent with the Sumner Municipal Code criteria for Zoning Code amendments;

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SUMNER,
WASHINGTON DO ORDAIN AS FOLLOWS:**

Section 1. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.0135 is hereby amended to read as follows:

18.04.0135 Automotive sales. “Automotive sales” means a retail sales and service use in which automobiles and small motorized vehicles, including such as cars, light duty trucks up to 14,000 pounds gross vehicle weight rating, similar passenger vehicles, ~~and~~ motorcycles, and ATVs, snowmobiles, and similar small passenger vehicles are leased or sold. This does not include heavy duty commercial trucks, buses, boats, or recreational vehicles.

Section 2. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.0710 is hereby amended to read as follows:

18.04.0710 Motorized vehicle sales.

“Motorized vehicle sales” means a retail sales and service use in which motorized vehicles, such as buses, recreational vehicles, ~~or~~ travel trailers, and boats, are leased or sold.

Section 3. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.0486 is hereby amended to read as follows:

18.04.0486 Heavy equipment ~~and/or boat~~ sales.

“Heavy equipment ~~and/or boat~~ sales” means a retail sales and service use in which equipment, including, but not necessarily limited to, construction and farm tractors, excavating machinery, and machinery for mining and similar uses, ~~and boats~~ are rented or sold.

Section 4. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.0140 is hereby amended to read as follows:

18.04.0140 Automotive repair. See Vehicle repair, automotive collision, “Vehicle repair, minor” and “Vehicle repair, major.”

Section 5. That Sumner Municipal Code Chapter 18.04, Definitions, is hereby amended to add a new definition as follows:

18.04.1092 Vehicle repair, automotive collision. “Automotive collision repair” means a use in which one or more of the following activities are carried out on passenger vehicles and similar small vehicles listed under automotive sales at SMC 18.04.0135, but not on boats, recreational vehicles or heavy equipment:

A. Reconditioning; or

B. Collision services, including body, frame or fender straightening or repair; or

C. Painting of vehicles including painting in a paint shop; or

D. Dismantling of vehicles.

Section 6. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.1095 is hereby amended to read as follows:

18.04.1095 Vehicle repair, minor.

“Minor vehicle repair” means an automotive ~~sales or motorized vehicle retail~~ sales and service use in which general motor repair work is done as well as the replacement of new or reconditioned parts in motorized vehicles ~~of 10,000 pounds or less gross vehicle weight~~; but not including any operation included in the definition of “major vehicle repair.”

Section 7. That Sumner Municipal Code Chapter 18.04, Definitions, Section 18.04.1090 is hereby amended to read as follows:

18.04.1090 Vehicle repair, major.

“Major vehicle repair” means ~~a n automotive retail sales and service~~ use in which one or more of the following activities are carried out:

- A. Reconditioning of any type of motorized vehicle, including any repairs made to vehicles over ~~10,000~~ 14,000 pounds gross vehicle weight rating;
- B. Collision services, including body, frame or fender straightening or repair;
- C. ~~Overall painting~~ Painting of vehicles ~~or including painting of vehicles~~ in a paint shop; or
- D. Dismantling of motorized vehicles in an enclosed structure.

Section 8. That Sumner Municipal Code Section 18.16.080, Performance standards, is hereby amended to add a new subsection as follows:

W. Vehicle repair, automotive collision.

1) All reconditioning, body work, painting, dismantling and similar repair shall be conducted indoors. No outdoor storage of vehicles in disrepair is allowed, except temporary staging of a reasonable duration while awaiting repair.

2) Outdoor staging of vehicles awaiting repair is allowed, provided staging area does not exceed two hundred percent of indoor repair floor area or one acre, whichever is less; and provided staging area is screened in accordance with subsection 4) of this section.

3) Outdoor staging shall only be allowed between the rear lot line and the extension of the front facade of the principal structure, provided no outdoor staging is allowed between a building and a side street lot line;

4) Outdoor staging areas shall be screened from view of adjacent commercial properties, public right-of-way and public bicycle or pedestrian paths.

a) Such screening may be accomplished by blocking sight lines with building walls, tall opaque fencing, or similar tall structures; or providing a landscape buffer as described herein; or a combination of these methods.

b) Landscape buffers shall be a minimum of 10 feet wide, shall include at least a three-foot-high earth berm and at least 50 percent evergreen trees at least six feet in height at planting. Deciduous trees shall be a minimum of two-and-one-half-inch caliper at time of planting. All trees shall be planted no less than 20 feet on-center. For every 100 square feet of buffer area, at least one evergreen shrub shall be planted, that reaches a mature size of 3 feet tall. Ground cover of a minimum two-gallon size shall be planted in the buffer area sufficient to cover the area within three years of planting.

5) The director may modify the requirements for screening, spacing, number and size of plantings, and berms upon a satisfactory showing by a licensed landscape architect that an alternate proposal will accomplish the same buffering goals.

Section 9. That SMC Section 16.18.0620, Principal and Conditional uses, is hereby amended to read as follows:

“18.16.020 Principal and conditional uses.

The following table details permitted and conditionally permitted uses in the commercial districts. Where a “P” is indicated, the respective use in the same row is permitted in the zone classification in the same column. Where a “CUP” is indicated, the respective use in the same row is conditionally permitted in the zone classification in the same column. A conditional use permit shall be required and in full force and effect in order to establish the conditional uses.”

¹Not involving operations or equipment that would cause excess noise, vibration, light, glare, or odor.

⁶Contractor businesses are only permitted on lots within the IC zoning district in the vicinity of 24th Street East that abut industrial-zoned land on two sides. Contractor businesses shall meet the performance standards in SMC 18.16.080(T) and are a prohibited use in the IC zoning district in the vicinity of 166th Avenue East as depicted on the zoning map.

⁷Health and fitness clubs in the neighborhood commercial district shall not exceed 3,000 square feet in total floor area.

⁹Truck-related parking allowed in the interchange commercial truck parking overlay area zone per SMC 18.42.046.

¹⁰Vehicle repair, automotive collision subject to performance standards in SMC 18.16.080(W).

¹²No expansion of use or structure(s) allowed.

Section 10. That Sumner Municipal Code section 18.18.020 “Principal, Administrative and Conditional Uses,” is hereby amended to read as follows:

“18.18.020 Principal, administrative and conditional uses.

A. The following table details permitted and conditionally permitted uses in the manufacturing districts. Where a “P” is indicated, the respective use in the same row is permitted in the zone classifications in the same column. Where an “A” is indicated or SMC 18.48.020(B) applies, the respective use in the same row is allowed through an administrative use permit. An administrative use permit shall be required and in full force and effect in order to establish said administrative uses. Where a “CUP” is indicated, the respective use in the same row is conditionally permitted in the zone classification in the same column. A conditional use permit shall be required and in full force and effect in order to establish said conditional uses. Where “--” is indicated, the respective use is not allowed. Where a “1” or “2” is indicated, there are different or supplemental regulations for that particular use within the Sumner manufacturing/industrial core overlay (MICO) pursuant to the notes at the bottom of this table.”

STAFF CONTACT: Ryan Windish, Community Development Director

SUMMARY BACKGROUND:

In April 2021 the State legislature passed new legislation related to emergency housing, Engrossed Second Substitute House Bill 1220 (ESSHB 1220). ESSHB 1220 requires local jurisdictions to adopt regulations to allow emergency housing and emergency shelters.

The legislation requires that four types of housing be allowed; the types of housing units and the zones where they are to be allowed are as follows:

- Permanent supportive housing - to be allowed in residential and hotel zones
- Transitional housing - to be allowed in residential and hotel zones
- Indoor emergency shelters - to be allowed in hotel zones
- Indoor emergency housing - to be allowed in hotel zones.

In addition, the legislation allows jurisdictions to “adopt reasonable occupancy, spacing, and intensity of use requirements.” For example, jurisdictions may limit the number of beds or density, require a minimum distance between shelters, or require compliance with development standards. The standards cannot be so restrictive as to preclude the siting of these facilities. Staff is proposing updates to the Sumner zoning code that include updated definitions and allowances for these facilities in the required zones.

This state has established a deadline of September 30, 2021 for jurisdictions to update their regulations to allow these new types of housing facilities.

FROM: Ryan Windish, Community Development Director
RE: **Zoning Code Text Amendment – ESSHB 1220—Emergency Housing and Shelters**

I. BACKGROUND / WHY THE AMENDMENTS ARE BEING PROPOSED

In 2019, the Washington State Legislature adopted Engrosses Substitute Senate House Bill (ESSHB) 1220, which, after a partial veto by Governor Inslee, became Chapter 245, Laws of 2021, and was effective on July 25, 2021 as it relates to transitional and permanent supportive housing in residential zones or where hotels are allowed. Per ESSHB 1220, effective September 30, 2021, the city shall not prohibit indoor emergency shelters and indoor emergency housing in any zones in which hotels are allowed, except in such cities that have adopted an ordinance authorizing indoor emergency shelters and indoor emergency housing in a majority of zones within a one-mile proximity to transit.

The statute allows the City to control for reasonable occupancy, spacing, and intensity of use requirements to be imposed by ordinance on permanent supportive housing, transitional housing, indoor emergency housing, and indoor emergency shelters to protect public health and safety.

The Zoning Code text amendment and draft ordinance (Exhibit A) contains regulations and “reasonable controls” to reduce potential impacts related to these types of housing facilities.

Staff recommends that the amendments be approved prior to the effective date-September 30, 2021.

II. DESCRIPTION

The Ordinance covers three main areas in response to the ESSHB 1220:

1. Permanent supportive housing and transitional housing within residential zones or where hotels are allowed;
2. Indoor emergency shelters and indoor emergency housing in commercial zones where hotels are allowed.
3. Added new definitions for permanent supportive housing, transitional housing, emergency shelters and emergency housing largely based on state definitions.

A. Residential Zones. Permanent supportive housing and transitional housing cannot be prohibited from being located within residential zones, but reasonable controls related to occupancy, intensity and spacing requirements are allowed to protect public health and safety. The following is a summary of the approach that is proposed:

- a. Meet standards & densities of the zone;
- b. Require Conditional Use Permit;
- c. Limit to no more than 10 dwelling units;
- d. Require ½ mile spacing between permanent supportive housing or transitional housing or emergency housing or emergency shelters; and
- e. In Low Density Residential zones each unit of permanent supportive housing or transitional housing shall be limited to occupancy by one family.

- B. Commercial zones:** Permanent supportive housing, transitional housing and indoor emergency shelters and indoor emergency housing cannot be prohibited where hotels are allowed. However, as with residential zones, the law allows for reasonable restrictions related to occupancy, spacing and intensity of uses. The commercial zone requirements are as follows:
- a. Removed “hotels” from permitted list of uses in Neighborhood Commercial. There are no hotels in these zones and they remain unimpacted;
 - b. Require a Conditional Use Permit for permanent supportive housing, transitional housing and indoor emergency shelters and indoor emergency housing;
 - c. Meet all requirements for density, height, setbacks, etc. in the zone;
 - d. Indoor emergency shelters and indoor emergency housing are limited to 5 families or 20 occupants whichever is smaller;
 - e. Permanent supportive housing, transitional housing are limited to 25 dwelling units regardless of underlying zoning density;
 - f. Require a ½ mile separation between permanent supportive housing, transitional housing and indoor emergency shelters and indoor emergency housing uses; and
 - g. Where a mixed use is required, commercial uses must be on the ground floor when residential is allowed.
- C. Industrial zones:** Hotels are allowed in M-1 and M-2 zoning within the City, but not within the Manufacturing Industrial Center Overlay (MICO), therefore, the restrictions on permanent supportive housing, transitional housing and indoor emergency shelters and indoor emergency housing also apply. There is no specified housing density in industrial zones because residential is prohibited, so the ordinance proposes 25 dwelling units per acre with a 10 unit maximum on any one parcel. Industrial properties and locations do not have the normal services and uses that would be beneficial to these housing uses.

III. ANALYSIS

The proposed Sumner Municipal Code amendments, and specifically, the development regulations amendments, are consistent with the intent and policies of the Comprehensive Plan, specifically the policies discussed below.

LAND USE ELEMENT

Goal 1. Provide for orderly development within the Sumner community.

- 1.1 Ensure that appropriate transitions so that more intensive uses do not adversely impact adjacent uses.
 - 1.1.1 Maintain the design guidelines and ordinances to achieve compatible and attractive new residential, commercial, and industrial uses.
 - 1.1.2 Maintain zoning and subdivision regulations to ensure adequate setbacks, landscaping, and buffering are required where land use conflicts and impacts may occur.

HOUSING ELEMENT

Goal 2. Provide a range of housing types for all life stages and economic segments of the Sumner community.

- ...
- 2.2 Plan for an adequate supply of land in appropriate land use designations and zoning categories to accommodate projected household growth.
 - 2.3 Encourage a variety of housing available to all economic segments of the community.
- ...

- 2.5 Promote fair and equal access to housing for all persons in accordance with state law.

Goal 4. Provide for a variety of housing types and densities in the town center in close proximity to the train station.

- 4.1 Promote the construction of housing stock in the Town Center by at least 500-1000 dwelling units by 2035.

The ordinance related to permanent supportive housing, transitional housing and indoor emergency shelters and indoor emergency housing is consistent with the goals and policies of the Comprehensive plan in that it promotes “housing types for all life stages and economic segments” including those that are experiencing homelessness or need special accommodations such as permanent supportive housing and transitional housing. Further, the ordinance would “promote fair and equal access to housing” by creating the opportunity for non-traditional housing and housing to address emergency sheltering and emergency housing needs. These housing types are allowed with reasonable restrictions to “provide for orderly development” and to “ensure that... more intense uses do not adversely impact adjacent uses” and to protect public health and safety, therefore the ordinance contains limits on density, spacing, occupancy and requires, in most instances, a conditional use permit.

CONCLUSION: The proposed amendment is consistent with the intent and vision of the City’s Comprehensive Plan and that it furthers the goals and policies related to minimizing impacts between uses and providing a variety of housing options for all life stages and economic segments of the community. Furthermore, the regulations are necessary to protect public health and safety.

IV. SEPA ENVIRONMENTAL REVIEW

The process for amending the City Comprehensive Plan is specified in the Sumner Municipal Code section 18.56.147 and in the state Growth Management Act (GMA) (RCW 36.70A) and the State Environmental Policy Act (SEPA). SEPA analysis of the proposed amendment has been completed. A Determination of Non-Significance will be issued in the next few weeks.

V. PUBLIC & AGENCY COMMENT

No public or agency comments at this time.

VI. STAFF RECOMMENDATION

Staff recommends review and discuss proposal.

VII. PLANNING COMMISSION RECOMMENDATION

The Planning Commission will hold a public hearing on September 2, 2021 and vote on a recommendation to Council on approving or not approving the ordinance.

ORDINANCE NO. XXXX
CITY OF SUMNER, WASHINGTON

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SUMNER, WASHINGTON, AMENDING THE ZONING CODE TO ADDRESS NEEDS FOR TRANSITIONAL HOUSING, PERMANENT SUPPORTIVE HOUSING, INDOOR EMERGENCY SHELTERS AND INDOOR EMERGENCY HOUSING AS REQUIRED BY WASHINGTON STATE LAW (ESSHB 1220); AND AMENDING THE SUMNER MUNICIPAL CODE SECTIONS 18.03.020, 18.10.040, 18.12.040, 18.12.080, 18.14.040, 18.14.080, 18.16.020, 18.16.080, 18.18.020, 18.18.080, 18.29.040, 18.29.060, 18.30.030, AND 18.30.090; AND ADDING NEW SECTIONS 18.04.0364, 18.04.0364.1, 18.04.0792, 18.04.1021

WHEREAS, the Washington State Legislature adopted Engrosses Substitute Senate House Bill (ESSHB) 1220, which, after a partial veto by Governor Inslee, became Chapter 245, Laws of 2021, and was effective on July 25, 2021; and

WHEREAS, per ESSHB 1220, effective September 30, 2021, a city shall not prohibit indoor emergency shelters and indoor emergency housing in any zones in which hotels are allowed, except in such cities that have adopted an ordinance authorizing indoor emergency shelters and indoor emergency housing in a majority of zones within a one-mile proximity to transit.

WHEREAS, ESSHB 1220, allows for reasonable occupancy, spacing, and intensity of use requirements to be imposed by ordinance on permanent supportive housing, transitional housing, indoor emergency housing, and indoor emergency shelters to protect public health and safety; and

WHEREAS, ;and

WHEREAS, the Planning Commission held a duly-advertised public hearing on **September 2, 2021** on the proposed amendments, followed by questions and discussion; and

WHEREAS, on **September 2, 2021** the Planning Commission voted by a **X-X** vote to recommend adoption by the City Council of the proposed amendments to the Sumner Municipal Code; and

WHEREAS, this proposal was forwarded to the Washington State Department of Commerce for the Expedited 15-day State review per the Growth Management Act on **September 2, 2021**; and

WHEREAS, the City Council has found the proposed amendments to be consistent with the Comprehensive Plan and the Sumner Municipal Code criteria for Zoning Code amendments.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SUMNER,
WASHINGTON DO ORDAIN AS FOLLOWS:**

Section 1. That Sumner Municipal Code section 18.03.020, “Prohibited Uses,” paragraph F is

“18.03.020 Prohibited Uses.

...
F. ~~Homeless shelters.~~”

Section 2. New Section. That Sumner Municipal Code chapter 18.04, “Definitions,” is hereby amended with a new definition “Emergency housing” to read as follows:

“18.04.0364 Emergency housing.

“Emergency housing” means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or an occupancy agreement.”

Section 3. New Section. That Sumner Municipal Code chapter 18.04, “Definitions,” is hereby amended with a new definition “Emergency shelter” to read as follows:

“18.04.0364.1 Emergency shelter.

“Emergency shelter” means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.”

Section 4. New Section. That Sumner Municipal Code chapter 18.04, “Definitions,” is hereby amended with a new definition “Permanent Supportive Housing” to read as follows:

“18.04.0792 Permanent supportive housing.

“Permanent supportive housing” means subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive

housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.”

Section 5. New Section. That Sumner Municipal Code chapter 18.04, “Definitions,” is hereby amended with a new definition “Transitional Housing” to read as follows:

“18.04.1021 Transitional housing.

“Transitional housing” means a project that provides housing and supportive services to homeless persons or families for up to two years and that has as its purpose facilitating the movement of homeless persons and families into independent living.”

Section 6. That Sumner Municipal Code section 18.10.040 “Conditional Uses,” is hereby amended to read as follows:

“18.10.040 Conditional uses.

The following uses are permitted on any parcel of land within the RP district subject to the issuance of a conditional use permit:

...

V. Permanent supportive housing; and

W. Transitional housing.”

Section 7. That Sumner Municipal Code section 18.12.040 “Conditional Uses,” is hereby amended to read as follows:

“18.12.040 Conditional Uses.

The following uses in the LDR district require a conditional use permit approval from the city:

...

S. Permanent supportive housing that exceeds one dwelling on any one lot, subject to the performance standards in SMC 18.12.080(R); and

T. Transitional housing that exceeds one dwelling on any one lot, subject to the performance standards in SMC 18.12.080(R).”

Section 8. That Sumner Municipal Code section 18.12.080 “Performance Standards,” is hereby amended with a new paragraph R, to read as follows:

“ R. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in this chapter;
2. Be limited to occupancy by one family per dwelling unit;

3. Comply with the maximum housing density for the zone, except that in no case shall density exceed a maximum of 10 housing units on any single parcel of land; and
4. Where the number of housing units exceeds one unit per lot, such housing shall not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.”

Section 9. That Sumner Municipal Code section 18.14.040 “Conditional Uses,” is hereby amended to read as follows:

“18.14.040 Conditional uses.

The following uses are conditionally permitted uses in all MDR and HDR districts unless otherwise specified. A conditional use permit shall be required and in full force and effect in order to establish the uses:

...

Y. Permanent supportive housing subject to the performance standards in SMC 18.14.080(P); and

Z. Transitional housing subject to the performance standards in SMC 18.14.080(P).

Section 10. That Sumner Municipal Code section 18.14.080 “Performance Standards,” is hereby amended with a new paragraph P, to read as follows:

“18.14.080 Performance standards.

The following special requirements and performance standards shall apply to properties in the multifamily districts:

...

P. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in this chapter;
2. Comply with the maximum housing density for the zone, except that in no case shall density exceed a maximum of 10 housing units on any single parcel of land; and
3. Not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.”

Section 11. That Sumner Municipal Code section 18.16.020 “Principal and Conditional Uses,” is hereby amended to read as follows:

“18.16.020 Principal and conditional uses.

The following table details permitted and conditionally permitted uses in the commercial districts. Where a “P” is indicated, the respective use in the same row is permitted in the

zone classification in the same column. Where a “CUP” is indicated, the respective use in the same row is conditionally permitted in the zone classification in the same column. A conditional use permit shall be required and in full force and effect in order to establish the conditional uses.

¹Not involving operations or equipment that would cause excess noise, vibration, light, glare, or odor.

⁶Contractor businesses are only permitted on lots within the IC zoning district in the vicinity of 24th Street East that abut industrial-zoned land on two sides. Contractor businesses shall meet the performance standards in SMC 18.16.080(T) and are a prohibited use in the IC zoning district in the vicinity of 166th Avenue East as depicted on the zoning map.

⁷Health and fitness clubs in the neighborhood commercial district shall not exceed 3,000 square feet in total floor area.

⁹Truck-related parking allowed in the interchange commercial truck parking overlay area zone per SMC 18.42.046.

¹²No expansion of use or structure(s) allowed.

¹³See performance standards in SMC 18.16.080(W).

¹⁴See performance standards in SMC 18.16.080(X).

Section 12. That Sumner Municipal Code section 18.16.080 “Performance Standards,” is hereby amended with new paragraphs W and X, to read as follows:

“W. Indoor emergency shelters and indoor emergency housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Be limited to no more than five (5) families or twenty (20) occupants, whichever is fewer;
3. Not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.

X. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Comply with the maximum residential density and mixed use requirements for the zone as specified in SMC 18.16.040, except that in no case shall density exceed 25 dwelling units per acre; and
3. Not be located within one half mile of any emergency shelter or emergency housing use; or any other permanent supportive housing or transitional housing use.”

Section 13. That Sumner Municipal Code section 18.18.020 “Principal, Administrative and Conditional Uses,” is hereby amended to read as follows:

“18.18.020 Principal, administrative and conditional uses.

A. The following table details permitted and conditionally permitted uses in the manufacturing districts. Where a “P” is indicated, the respective use in the same row is permitted in the zone classifications in the same column. Where an “A” is indicated or SMC 18.48.020(B) applies, the respective use in the same row is allowed through an administrative use permit. An administrative use permit shall be required and in full force and effect in order to establish said administrative uses. Where a “CUP” is indicated, the respective use in the same row is conditionally permitted in the zone classification in the same column. A conditional use permit shall be required and in full

force and effect in order to establish said conditional uses. Where "--" is indicated, the respective use is not allowed. Where a "1" or "2" is indicated, there are different or supplemental regulations for that particular use within the Sumner manufacturing/industrial core overlay (MICO) pursuant to the notes at the bottom of this table.

¹Prohibited within 1,000 feet of residentially zoned lands.

²Within MICO, limited to 10,000 square feet of gross floor area per development site unless it is an accessory use.

³Contractor businesses with accessory outdoor storage shall meet the requirements of SMC 18.18.060(C).

⁴An auto impoundment yard shall meet the screening requirements for outdoor storage in SMC 18.18.060(C).

⁵Prohibited within 1,000 feet of residentially and neighborhood commercial zoned lands.

⁶Asphalt batching operations shall meet the following requirements: (a) loaded trucks leaving the site shall be covered using best available technology; (b) comply with the noise control code of chapter 8.14 SMC; and (c) meet or exceed regional, state, and federal air and emission levels.

⁷See performance standards in SMC 18.18.060(V).

⁸See performance standards in SMC 18.18.060(W).

B. Use Interpretations. Whenever a property improvement permit is applied for, for property in the manufacturing districts, the director shall determine under which of the use classifications set forth above the proposed use shall be classified. All such determinations shall be based upon a finding that the use is consistent with the description and purpose for the respective manufacturing districts set forth and that such uses are similar to and no more detrimental than the types of use examples provided in the definition of the relevant use classification set forth.

All determinations pursuant to this section may be appealed as a request for interpretation to the hearing examiner.”

Section 14. That Sumner Municipal Code section 18.18.080 “Performance Standards,” is hereby amended with new paragraphs V and W, to read as follows:

“V. Indoor emergency shelters and indoor emergency housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Be limited to no more than five (5) families or twenty (20) occupants, whichever is fewer;
3. Not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.

W. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Not exceed a maximum housing density of 25 dwelling units per acre;
3. In no case exceed a maximum of 10 housing units on any single parcel of land; and
4. Not be located within one half mile of any emergency shelter or emergency housing use; or any other permanent supportive housing or transitional housing use.

Section 15. That Sumner Municipal Code section 18.29.040 “Conditional Uses,” is hereby amended to read as follows:

“18.29.040 Conditional uses.

Conditional uses allowed in the Town Center districts are as follows:

A. Churches.

B. Cemeteries.

C. Major utility facility.

D. Mass transit systems including, but not limited to, bus stations, train stations, transit shelter stations, and park and ride lots.

E. Public parks and public recreational facilities.

F. Public facilities.

G. Public off-street parking lots, paid.

H. Public garage.

I. Schools, colleges and universities.

J. Temporary homeless encampments in accordance with SMC 18.36.060.

K. Water towers and water supply plants.

L. Craft coffee roasting in the historic district, subject to the standards at SMC 18.29.060(F).

M. Indoor emergency shelters subject to standards at SMC 18.29.060(G).

N. Indoor emergency housing subject to standards at SMC 8.29.060(G).

O. Permanent supportive housing subject to standards at SMC 18.29.060(H)

P. Transitional housing subject to standards at SMC 18.29.060(H).

Section 16. That Sumner Municipal Code section 18.29.060 “Performance Standards,” is hereby amended with new paragraphs G and H to read as follows:

“G. Indoor emergency shelters and indoor emergency housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the District.
2. Be limited to no more than five (5) families or twenty (20) occupants, whichever is fewer; and
3. Not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.

H. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the District;
2. Not exceed a maximum housing density of 25 dwelling units per acre;
3. Not be located within one half mile of any emergency shelter or emergency housing use; or any other permanent supportive housing or transitional housing use.

Section 17. That Sumner Municipal Code section 18.30.030 “Principal, Administrative and Conditional Uses,” is hereby amended to read as follows:

“18.30.030 Principal and conditional uses.

A. Permitted principal, accessory, and conditional uses in the ESUV shall be the same as those specified in the underlying zoning districts for the MDR, HDR and LDR districts, except that apartments may be allowed as a permitted principal use in the MDR and HDR districts; and professional offices and services shall not be allowed in the MDR or HDR district as a conditional use.

B. Those uses listed below shall govern the uses permitted and conditionally permitted where the base designations GC and NC are combined with the ESUV overlay district. A conditional use permit shall be required and in full force and effect in order to establish the conditional uses.

		NC/ESUV	GC/ESUV

¹Drive-through businesses and drive-through espresso/coffee businesses within the area defined as East Main Street in SMC 18.43.020 and in the GC district within the Town Center Plan area shall meet the provisions of SMC 18.16.080(T).

²Artist studios shall not exceed 3,000 square feet in gross floor area not counting the retail component.

³Health and fitness clubs shall not exceed 3,000 square feet in gross floor area.

⁴Theaters and other enclosed commercial recreation establishments shall not exceed 10,000 square feet in gross floor area.

⁵Accessory uses to an existing mineral use may be allowed as follows:

- a. Equipment maintenance, repair and storage;
- b. Mineral conveying, sorting, screening, washing, storage, crushing, and loading;
- c. On-site mineral processing, including concrete batching, concrete recycling and other mineral recycling, but does not include asphalt batching;
- d. Administrative offices and sales of mineral, soil and compost products;
- e. Light manufacturing of precast concrete products;
- f. The operation shall not create:
 - i. Noise in violation of chapter 8.14 SMC;
 - ii. Light, glare or vibration in any amount determined to disturb the peace, quiet, and comfort of neighboring residents, business or properties;
- g. All mechanical devices shall be screened from surrounding properties and public streets and shall be so operated that they do not disturb the peace, quiet and comfort of neighboring residents;
- h. Consistent with the city's comprehensive plan maps, the property shall continue to be designated a mineral resource land pursuant to chapter 16.44 SMC.

⁶See performance standards in SMC 18.30.090(G).

⁷See performance standards in SMC 18.30.090(H).

Section 18. That Sumner Municipal Code section 18.30.090 “Performance Standards,” is hereby amended with new paragraphs G and H to read as follows:

“G. Indoor emergency shelters and indoor emergency housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Comply with the performance standards of SMC 18.30.090, including location requirements;
3. Be limited to no more than five (5) families or twenty (20) occupants, whichever is fewer; and
4. Not be located within one half mile of any other emergency shelter or emergency housing use; or any permanent supportive housing or transitional housing use.

H. Permanent supportive housing and transitional housing shall:

1. Comply with all applicable setbacks, height and other dimensional standards as required in the zone;
2. Comply with the performance standards of SMC 18.30.090, including location;
3. Not exceed a maximum housing density of 25 dwelling units per acre;
4. Not be located within one half mile of any emergency shelter or emergency housing use; or any other permanent supportive housing or transitional housing use.”

Section 19. Severability. Should any section, paragraph, sentence, clause or phrase of this Ordinance, or its application to any person or circumstance, be declared unconstitutional or invalid for any reason, or should any portion of this Ordinance be preempted by state or federal law or regulation, such decision or preemption shall not affect the validity of the remaining portions of this Ordinance or its application to other persons or circumstances.

Section 20. Corrections by City Clerk or Code Reviser. Upon approval of the city attorney, the city clerk and the code reviser are authorized to make necessary corrections to this ordinance, including the correction of clerical errors; ordinance, section, or subsection numbering; or references to other local, state, or federal laws, codes, rules, or regulations.

Section 21. Effective Date. This ordinance shall become effective five (5) days after its passage, approval and publication as provided by law.

Passed by the City Council and approved by the Mayor of the City of Sumner, Washington, at a regular meeting thereof this _____ day of 2021.

Mayor William L. Pugh
